Richwood, Delaware, Marys-  
ville, Mt. Vernon and Cosho-  
ton Women in City

DINNER SERVED AT NOON

Conference of Sixteenth Di-  
vision Is Being Held in Com-  
munity Home

Representatives from Richwood,  
Delaware, Marysville, Mt. Vernon,  
Coshocton and Marion were in attend-  
ance at the annual convention of the  
Sixteenth District of the Woman's Re-  
lief Corps held here today in the Com-  
munity Home, 814 High-st. Members of  
the district corps of Cooper Post, No.  
237, this city were guests at the dinner  
served at noon by members of Cooper  
Post, No. 237. Ladies of the G. A. R.,  
and also contributed to an entertaining  
musical program during the morning  
session.

The guests were welcomed by Mrs.  
Charles E. Schand of this city, district  
president, following the reception when  
Mrs. Fred Fisher, Mrs. E. N. Trexler,  
Mrs. Joseph Jones, Mrs. E. S. Wilson  
and Mrs. L. P. Lindsey presided.

President Here  
Mrs. Schand presented Mrs. Ida  
Whitcomb of Delta, department presi-  
dent and Mrs. Anna Leppanman of To-  
ledo, department 1, and L. Officer, and  
in response to the welcome address by  
Mrs. Schand was given by Mrs. Mae  
Sander of Livingston Corps of Rich-  
wood. The program was given by the state  
officers on the work of the organization.  
An impressive memorial service was  
conducted with Mrs. Mahol Bindsell of  
Delaware, senior vice president, in  
charge. Mrs. Edna Foster of Marion,  
paid tribute to the members of the  
corps who have died in the past year  
and Mrs. Charles Bower, Mrs. A. W.  
Grimes and Mrs. Grant Kennedy sang  
two hymns. Cornelia G. W.  
Falling of Cooper Post sang "Just  
Before the Battle Began."

Following the dinner officers of the  
next annual meeting, after which mem-  
bers of the Marion corps will exemplify  
the work.

## CONGRESSMAN FLETCHER REPORTED IMPROVING

Mrs. Fletcher Denies Reports  
of Paralysis; No Danger of  
Permanent Injuries

Congressman Brooks Fletcher, con-  
fined to his home on Thruway, suffer-  
ing with injuries to the spine sus-  
tained a week ago in an accident on  
the Kenton road near Marion, is reported  
improving today.

Reports that Mr. Fletcher is par-  
tially paralyzed were vigorously de-  
fied by Mrs. Fletcher and the at-  
tending physician. No paralysis has  
developed and there is no danger of  
permanent injury, the physician stated  
today.

It is expected that Mr. Fletcher's con-  
dition will be sufficiently improved with-  
in the next few days so that he may re-  
sume his work and fill his speaking  
engagement.

## MRS. JEANETTE HOUGHTON IS VICTIM OF APOPLEXY

Mother of Dr. Z. B. Houghton  
Dies at Her Home on  
Gurley-Av

Mrs. Jeanette D. Houghton, 51,  
widow of Dr. Z. B. Houghton, died  
at her home, 221 Gurley-av, at 10  
o'clock last night. She had followed a  
nervous illness of apoplexy.

She was born July 22, 1845 in Corn-  
wall, Eng., the daughter of Mr. and  
Mrs. Thomas Drew. She was united in  
marriage to Edward F. Houghton in  
1870 in Houghton, Eng. Mr. Hough-  
ton died in 1900. Mrs. Houghton was  
widowed in 1900. She was a member  
of the Methodist church.

Survivors are two daughters, Mrs.  
Rose H. Lovell, of Los Angeles, Cal.,  
and Mrs. Gertrude Miller of Wooster,  
O., three sons, A. W. Houghton, of Col-  
umbus, Mich., Dr. Z. B. Houghton, 501  
Grand-av and A. J. Houghton, 220 Gur-  
ley-av.

Funeral services will be held at 2  
o'clock Thursday afternoon at the home,  
221 Gurley-av, in charge of Rev. Ray-  
mond W. Smith, pastor of First Pres-  
byterian Church. Burial will be in Mar-  
ion Cemetery.

## CAMPAIGN MANAGERS HOLD DINNER MEETING AT "Y"

agers in charge of the senior and in-  
termediate membership campaign at the  
Y. M. C. A. held a dinner meeting at  
6:30 o'clock Monday night at the as-  
sociation building, 81 State-st. Eight-  
teen members were addressed by Gen-  
eral Secretary Martin Verhagen.

## FIRE ON BRITISH

London, Oct. 19.—Two British vessels  
were fired on today by Chinese from  
Chinkow, according to a Central News  
dispatch from Hankow. The British  
ships are the Payang and the Longwood.  
The dispatch said that the Longwood  
was struck by four hundred bullets.

## COOLIDGE NOT TO TALK

Washington, Oct. 19.—President Cool-  
idge does not plan to make any speech-  
es enroute when he goes to Kansas City  
on Armistice Day to dedicate the World  
War memorial. It was declared at the  
White House today.

## EUGENE V. DEBS' DEATH ONLY MATTER OF HOURS, BELIEF

## ABANDON HOPE TO SAVE LIFE OF EUGENE V. DEBS

Official Bulletin States Pulse  
120; Death Near, Physi-  
cians Believe

Chicago, Oct. 19.—All hope of saving  
the life of Eugene V. Debs, the "grand  
old man" of American socialism, was  
abandoned today by physicians at  
the hospital where he is being treated.  
The aged man at the Lincoln  
Sanatorium at Elmhurst, a suburb,  
"The end is only a matter of hours,"  
Dr. F. C. Albrecht, his personal physi-  
cian, announced at 9 o'clock. "He was  
delirious during the night and passed  
into coma this morning. It is doubt-  
ful if he regains consciousness before  
the end."

An official bulletin stated his pulse  
was 120, his respiration 16 and his tem-  
perature normal.

At 11 o'clock Debs was still uncon-  
scious and was growing steadily weak-  
er, physicians announced.

## MAN BLOWN TO PIECES IN POWDER MILL BLAST

Plant at Moosic, Pa., Levelled  
by Explosion; Say Cause  
Not Known

Seranton Pa., Oct. 19.—One man was  
killed and property damage was heavy  
when the glue mill of the Dupont Pow-  
der Co., located at Moosic, Pa., near  
here blew up shortly before noon to-  
day.

George F. Brown, 36, of Minooka,  
Pa., the only man employed at the mill,  
was blown to pieces. He is survived by  
the widow and several children.

The mill, also known as the Telly  
mill, was levelled by the blast. It was  
one of a number of isolated mills owned  
by the Dupont Co. Several miles more  
than one man employed in each of the  
producing plants. The cause of the ex-  
plosion will never be known, it was said.

## WIDOW CHLOROFORMS BOY THEN ATTEMPTS SUICIDE

Woman Tells Police She Was  
Fearful Lest Poverty Over-  
come Her

Columbus, Oct. 19.—Fearful, she told  
police, lest poverty overcome her, Mrs.  
Catherine Carl, 48, widow of a former  
official of the State Industrial Com-  
mission, chloroformed her nine-year-old  
son, Walter, to death, unsuccessfully  
attempted suicide, and was held in jail  
today, pending an investigation by  
Coroner Murphy and the authorities.

After losing \$2,000 in a real estate  
deal, the mother of probable destitute  
child, stalked her, and she decided on  
death for her boy and herself, police  
said Mrs. Carl told them.

Chloroforming the lad, she tried un-  
successfully to take her own life with  
the drug, then slashed her wrists and  
began inlating gas when a roomer, re-  
turning to the home from work, found  
the boy's body and the nearly lifeless  
form of the mother, and summoned aid,  
according to authorities.

## LAKE BOAT WITH 5000 TONS OF ORE SINKS

Cleveland, Oct. 19.—The steamship  
S. R. Coolidge lies at the bottom of  
Lake Erie here today as the result of  
having been blown against a break-  
water which crashed in her prow. The  
vessel carried 5,000 tons of ore.

The S. R. Coolidge, owned by the  
Pioneer Steamship Co., was headed for  
port five miles north of Cleveland when  
it collided with the rocks. The fore-  
part sank almost immediately. The cap-  
tain then ordered the after holds  
floored to prevent buffeting against the  
rocks.

Wrecking crews were preparing to-  
day to salvage the cargo and raise the  
vessel.

## QUEEN TO DINE WITH COOLIDGE AT WHITE HOUSE

Marie Shows Democratic Lean-  
ings When She Refuses To  
Let Hand Be Kissed

WELCOMED BY WASHINGTON

National Capital Residents,  
Usually Blase, Crane Necks  
To See Ruler

Washington, Oct. 19.—A democrat  
among democrats, paradoxically wear-  
ing the crown of royalty, arrived Wash-  
ington today as it has not been moved  
in more than two years—Marie Fe-  
rreira, queen of Roumania, bobbed-hair-  
ed and vivacious, came to America to  
ascertain whether she is a real  
millionaire and Indians really gallop  
over gold paved streets.

Today, this striking guest of the gov-  
ernment honored America's World War  
dead at the tomb of the unknown soldier  
and inspected and lunched at Mount  
Vernon, home of George Washington.

This after she exchanged calls with  
President and Mrs. Coolidge, and to-  
night she and her son and daughter,  
Prince Nicholas and Princess Helena,  
will dine at the White House.

Thousands of people, thousands of  
the residents of the national capital,  
ordinarily blasé to visiting royalty,  
craned their necks for a fleeting glimpse.  
For the people of America are interested  
in this enterprising Italian ruler. They  
are eager to see this most remarkable  
woman who has balked at the conven-  
tions of the courts of Europe and has  
elected her name and signature to Ameri-  
can ads and syndicated newspaper  
articles. They showed their interest by  
enthusiastically lining every street down  
which the royal procession passed and

## BALANESCU DENIES HE GAVE GIRL LOVE PILLS

"Frenchy" Takes Stand in  
Trial for Manslaughter at  
Cleveland

Cleveland, Oct. 19.—Emphatic denial  
that he had ever given his sweetheart,  
Dorothy Kirk, "love pills" or any medi-  
cine except simple household remedies  
for an illness from which she was suf-  
fering, was made by Reuel "Frenchy"  
Balanesco, 21-year-old medical student,  
testifying in his trial for manslaughter,  
here today.

"Dorothy was suffering from general  
debility," the debonair young French  
student told the jury from the witness  
stand.

"I never gave her anything but Jar-  
m's household remedies, such as I've  
sold in every drugstore. I loved her and  
I wanted her to get well."

Balanesco was indicted for man-  
slaughter following the death of the  
Kirk girl six weeks ago. The state  
charged that the girl died as a result  
of the administration by her lover of an  
unofficial medicine containing yellow  
phosphorus.

Explaining to the jury, under skillful  
guidance by his attorney, the presence  
of a dozen yellow pills in the girl's  
room, Balanesco said he had obtained  
them for a friend, another youth, and  
had called on Dorothy before deliver-  
ing them. The girl found them in his pocket,  
he said, took them, and refused to give  
them back to him. He denied attorney-  
ment that he had ever given her these pills,  
or told her to take them.

## ENROLLMENT HEAVY IN NIGHT SCHOOL

100 in Steam Shop's Executive  
Training Class; Many  
Courses Offered

Many employees at the Marion Steam  
Shop Company's plant have been en-  
rolled in night school classes started  
Monday night under the direction of  
even instructors at the company's  
offices, W. Center-st.

Nearly 100 young men and factory  
foremen have been enrolled in the ex-  
ecutive training class. Similar numbers  
have been enrolled in classes for me-  
chanical drawing, business English,  
strength of materials, penmanship and  
other industrial training courses.

## Up-To-Date Kitchen Greets Visitors To Star's Second Annual Cooking School

A MOST attractive and up-to-  
date kitchen greeted Mrs.  
George O. Thurn, cooking expert  
and dietitian, when she stepped on  
the stage in the Marion Star Aud-  
itorium for her first of a series of  
four cooking demonstrations and  
talks this afternoon.

The school promises to be one of the  
best presented in the city and plans  
have been made to take care of  
one of the largest crowds in at-  
tendance at an affair of this kind.  
Mrs. Thurn's program for the week  
includes many delightful recipes  
for old and new dishes and her  
talks each day will be filled with

thoughtful suggestions and hints  
for the busy housewife of today.

The minutest detail in the prob-  
lems of the housewife will be dis-  
cussed by Mrs. Thurn. She invites  
the women to make use of the ques-  
tion box which will be a part of  
each day's program and questions  
asked from the floor will be given  
every attention during the lecture  
hours. Pops and pencils will be an  
absolute necessity during the four  
days course and at the close of the  
sessions, those in attendance will  
find they have accumulated a most  
extraordinary volume of hints and  
recipes.

## STAR ISSUES BIG COOKING SPECIAL

Today's issue of The Star in-  
cludes a 32-page special cooking  
section which has been  
prepared in connection with the  
opening of The Star's second an-  
nual cooking school.

Included in this special section  
are recipes sent in by girls in  
domestic science classes in city  
and county schools.

Owing to the large number re-  
ceived it was found impossible to  
print all of them in this section.  
A column of held-over recipes will  
be printed daily in The Star.  
Watch for them.

## DRIVER OF AUTO WHICH STRUCK BOY BOUND OVER

Hilton LaRue, 23, Pleads Not  
Guilty to Reckless Driving  
Charge

UNDER BOND OF \$1,000

Condition of Five-Year-Old  
Charles Mosier Critical,  
Reports Say

Hilton LaRue, 23, of 387 Park-bld.,  
driver of the automobile which struck  
five-year-old Charles Mosier, said  
he was crossing Park-bld. at noon  
Monday, resulting in injuries so se-  
rious that the child is now in a critical  
condition at the City Hospital, plead-  
ing not guilty to a charge of reckless  
driving when arraigned before Mayor Earl  
M. Hazen, Monday afternoon, and was  
bound over to the grand jury on a  
bond of \$1,000. He furnished the bond  
and was released.

The affidavit which led to LaRue's  
arrest was filed by the accident vic-  
tim's father, Frank Mosier, of 421  
Park-bld. The injured child has a  
badly crushed arm which may have to  
be amputated, hospital attendants say,  
and his head is cut and bruised. His  
condition, according to information  
coming from the hospital, is regarded  
as critical.

Stories Confirmed  
Accounts of the accident related to  
police officials are somewhat confir-  
ming. LaRue denies that he was exceed-  
ing the speed limit and says that he  
put forth every possible effort to pre-  
vent his machine, a Hudson coach, from  
striking the boy. He states that the  
child was driving about 25 miles an hour  
when the child ran into the street in  
the path of the machine.

Measurement of marks on the paving  
taken by police and the boy's father  
told to show that the car skidded a  
total distance of 50 feet after LaRue  
applied the brakes. 47 feet before the  
child was hit and 12 feet afterward.  
LaRue says that inability to check the  
car was due chiefly to failure of his  
brakes to work in unison.

"Noticed Boy"  
The accident occurred at a point on  
Park-bld. about half way between

## TWO BADLY BURNED IN RAILROAD TRAIN FIRE

Switch Engine Men Not Ex-  
pected To Recover; Blaze  
Follows Collision

Coldwater, Mich., Oct. 19.—Two men  
were so badly burned they are not ex-  
pected to recover, and two locomotives  
and several freight cars were destroyed  
in a fire following a collision in the local  
railroad yards today.

Those injured are:  
W. D. Goss, an engineer, and H. J.  
Dickinson, a fireman, on the Chicago  
Terminal branch of the New York Central  
Lines.

Goss and Dickinson complained the  
crew of a switch engine attached to an  
oil car which was standing on a siding  
when a gravel car rushed into it.

## TROPICAL DISTURBANCE MOVING ALONG RAPIDLY

Washington, Oct. 19.—The tropical  
disturbance in the Caribbean Sea is  
moving northward at the rate of  
125 miles a day, the Weather Bureau  
declared today. It is of great impor-  
tance, hurricane warnings were issued  
to all vessels in the vicinity.

## CARNEGIE'S WIDOW DISLIKES LARGE SOCIETY AFFAIRS

A democratic millionairess, is  
Mrs. Louise Carnegie, widow of the  
late steel king. Mrs. Carnegie  
could be a social queen with society  
at her feet but she dislikes large  
society affairs. Philanthropies  
take most her time. Any entertain-  
ing she does is confined to small  
dinners among her long friends.  
Mrs. Carnegie has just arrived  
from Europe with her daughter.

## ELECTION BOARD PLANS TO KEEP OFFICE OPEN

Nine O'Clock Closing Time Sat-  
urday Night; Expiration  
Oct. 30

The office of the Marion County  
Board of Elections on E. Center-st. will  
be open until 9 o'clock Saturday night  
for the receipt of about 100,000 bal-  
lots, announced today. The time for  
casting these ballots will expire Octo-  
ber 29 and election headquarters will be  
open until 9 o'clock that night.

The number of absent voter ballots  
is steadily increasing, Mr. Kette states,  
with indications that the total will be  
far above that of last year. The  
commutation of voters who will not be  
in the city election day and who wish  
to take advantage of the law which  
permits them to cast their ballots in  
advance.

## CATHOLICS DETERMINE U. S. MEXICAN POLICY

National Council of Catholics  
Men Preparing Resolutions  
for Adoption

Cleveland, Oct. 19.—The policy of the  
Catholic Church in regard to the Mexi-  
can situation was being determined  
here today behind locked doors by the  
executive committee of the National  
Council of Catholic Men, in convention  
here.

Resolutions, the tenor of which was  
being vigorously debated, were being  
drawn and redrawn as the committee  
labored to set on paper the opinion of  
the majority of 16,000 men.

Although authoritative sources stated  
their intervention of the United States  
government in Mexico to settle the  
religious strife would not be asked, the  
same sources disclosed that the people  
of this country will be urged to petition  
President Coolidge and his cabinet to  
renew President Calles, of Mexico, to  
attempt to establish amicable relations  
with the Catholic Church and abstain  
from his present policy of restrain-  
ing foreign born clergymen from pre-  
aching and teaching in Mexican churches  
and institutions.

## ATTEMPT MADE TO POISON 70 KENTUCKY STUDENTS

Knoxville, Ky., Oct. 19.—What was  
believed to be an unsuccessful attempt  
to poison 70 pupils of the Short Creek  
School, 15 miles east of here, by pour-  
ing sulphuric acid into the water cooler,  
was being investigated by Polk  
County authorities today.

A sample of the drinking water,  
which was found to be diluted with  
poison by Mrs. Bertha Miss, teacher,  
yesterday morning before school opened,  
was sent to the state university for  
further analysis.

Physicians declared it contained sul-  
phuric acid.

## Young Dairyman Shot Above Heart, Drives for Help

Ralph Winstead, Wounded, Hears Two Assaultants Say, "Well,  
We Got Him;" Believed Victim of Plot To Murder  
Him; No License on Auto

RECOVERY OF YOUNG MAN IS EXPECTED

Throws Purse into Rear of Car and Picks Up Wrench When  
Ordered Out; Blow Hurls Gun from One  
of Assaultants' Hands

RALPH WINSTEAD, 23, farmer, near Findlay, lying at the  
home of his father-in-law, Albert Tatchett, Upper Sandusky,  
suffering from a bullet wound above his heart, be-  
lieves himself the victim of attempted murder by two uniden-  
tified men last night on the Carey-rd, a mile and one-half  
north of Upper Sandusky.

After a revolver bullet had drilled a hole above his  
heart, through his body to a point below the left shoulder  
blade, Winstead drove his car to Upper Sandusky and gave  
first reports of his experience to his wife, a bride of three  
months, and her parents at their home.

Examination by a physician revealed that Winstead is  
not in a serious condition and will recover readily, barring  
unforeseen developments.

HANCOCK FARMER TAKE 3 LAST  
STREET W. W. Shadigage of Wyan-  
dot County, in charge of the search for  
the gun wielder and his companion, had  
not obtained any definite information  
late today to the assaultants.

The peculiarity of the men's action  
towards Winstead was particularly  
visible. The attention was particularly  
drawn to the car for it was apparently  
the victim of a conspiracy that had  
been in progress for some time. The  
planning of the attack was evident.

Leaving his duty farm early last  
night, Winstead started to Upper San-  
dusky in his car, a Ford coupe to see  
his wife, who was visiting with her  
parents. Directly after leaving Carey,  
he was aware of being followed by a  
Buick touring car without a license tag  
visible. The attention was particularly  
drawn to the car for it was apparently  
the victim of a conspiracy that had  
been in progress for some time. The  
planning of the attack was evident.

## PLAN TO FINISH HARDING SHRINE BY NOV. 1, 1927

Time for Filling Now Bids To  
Close at Noon,  
Oct. 25

The Harding Memorial will be com-  
pleted Nov. 1, 1927, if present plan for  
the building of the structure are car-  
ried out according to schedule.  
The date of completion was formerly  
set for June 1, 1927, but the date was  
changed when plans and specifications  
for the monument were received follow-  
ing the rejection of all bids for the con-  
tract.

All bids were rejected Oct. 4, when  
the Harding Memorial Association held  
its annual meeting in Washington, D.  
C. with President Coolidge presiding.  
After the specifications have been  
changed and bids for the work will  
again be received in the office of At-  
torney Hoke Dotchen, chairman of the  
executive committee of the Harding  
Memorial Association, up to noon, Oct.  
25.

A duplicate of the bids will be sent  
to Henry Hornbush and Eric Fisher  
Wood of Pittsburgh architects for the  
monument.

Contracts for the construction work  
will be awarded upon after bids are re-  
ceived and work will begin within five  
days after the award is made, accord-  
ing to plans and specifications.

## LANDSLIDE MENACES 14 HOMES IN CINCINNATI

Result of Excavation Work  
Depriving Hill of Its Support,  
Says Commissioner

Cincinnati, Oct. 19.—Fourteen in-  
habited dwellings on parts of Hillside-  
av, in western Cincinnati, today were  
threatened by the most extensive land-  
slide in the history of this city. Build-  
ing Commissioner George Hauser report-  
ed today.

Families living in the path of the  
moving earth have been warned to  
move, Hauser said.  
The hill on which the slide started  
was deprived of its support, he said,  
when excavation work was done along  
its side by a railroad company.  
The slide already left a crevice nearly

## CONGRESSMAN BURTON STOPS OFF IN MARION

Cleveland Representative Visits  
with Republican Leaders  
Here

Congressman Theodore Burton of  
Cleveland stopped off in Marion for a  
brief visit Monday afternoon, while en-  
route to Ada, where he gave the prin-  
cipal address at a campaign meeting  
last night.

Arriving here at 2:22 Monday after-  
noon on a Big Four train, he was  
greeted at the Union Station by a  
party of Marion County Republican  
leaders, who discussed campaign issues  
with him prior to his departure for  
Ada. He noticed to Ada with several  
Hardin County Republicans who came  
to meet him.

# REED PROBING "MAGILL SLUSH" FUND CHARGES

Independent G. O. P. Candidate  
and Minister Called as  
Witnesses

Forest Robinson, Chicago, Oct. 19.—The Associated Press has published a sensational article today which charges that the "Magill slush fund" was a device for the purpose of defrauding the state treasury. The article, which is based on a report by a Chicagoan, states that the fund was organized by a group of men, including a prominent politician, and that it was used to defraud the state treasury of a large sum of money. The article also charges that the fund was used to defraud the state treasury of a large sum of money.

Reverend O'Brien said Safford told him Smith's record "had made Governor Small drop him from the state's payroll."

Summoning Magill and Rev. Robert O'Brien, Presbyterian minister, and Magill workers as witnesses, Reed was determined to learn whether the independent planned to evade the federal law, which limits senatorial campaign funds to \$10,000 in an election. It was O'Brien who revealed the fund and told of plans to spend it "through loopholes" in the corrupt practices act, according to the sworn testimony of F. Scott McElride and George R. Safford, general and state superintendents of the Anti-Saloon League.

Rumors Circulated  
Rumors were circulated that Magill would denounce the story as "idle."

DO YOU  
KNOW AS MUCH  
AS YOUR CAT?

She's a knowing cat. She asks for little—just her meals, a saucer of milk and a place in the sun. She gets plenty of sleep and exercise. She never worries, never frets. What is the result? Such vitality and resistance that we say, "Cats have nine lives."

What does your cat do when she is not well? She eats catnip. If she can find it. She eats grass and certain green plants to which her instinct leads her.

Your cat takes herbs for a tonic. Did you ever stop to think that Old Mother Nature, who supplies the herbs necessary to your cat's health, has also provided the herbs necessary to your own well-being?

You don't have to hunt for them as the cat does. The herbs you need are skillfully blended and compounded in Lydia E. Pinkham's Vegetable Compound, an old-fashioned tonic that will help to restore your energy.

Feels Better. Now Mrs. Gust Green of 100 Lincoln Park Boulevard, Rockford, Illinois, writes: "I was weak and run down but the Vegetable Compound has helped me and I feel better now. I recommend it to all women who need more strength."

For more than fifty years this medicine has been taken by women with very satisfactory results.

# INTENT OF LAW RELATING TO ELECTION OF JUDGES IS TO BE STRICTLY OBSERVED IN MARION

Party Leaders Here Declare There Will Be No Formal In-  
dorsement of Marion County Judicial Candidates;  
Point Out Non-Partisan Office

The intent of the state law relating to election of judges was to be strictly observed in the campaign now under way in Marion County, according to a statement coming from B. J. Shelton, chairman of the county's Republican organization, and Hector S. Young, Democratic chairman.

Statements to that effect have been made by the two party leaders in a meeting held at the home of Mrs. M. J. Shelton, chairman of the county's Republican organization, and Hector S. Young, Democratic chairman.

There will be no formal indorsement of any Marion County candidates for judge because they are "non-partisan," Chairman Shelton stated today. Judges are appointed to be chosen solely on the basis of their qualifications and personal merits with absolutely no consideration of party connections. There must be no partisan phase to election of the judiciary in Ohio if the purpose of the law is to be fulfilled.

The same view is expressed by Mr. Young, who indicates that the Democratic county organization will use no partisan argument in urging party followers to vote for candidates for either common pleas or municipal judge. The names of these candidates appear on a separate ballot, which bears no party cheering or royal majesty to the echo.

Early this morning the queen and her entourage set out for the national convention at Arlington, first move in a very crowded day. That she heartily enjoyed the plaudits of the well known populace was evident from the start. Every gesture of welcome was returned.

Marie very frankly was on a sight-seeing tour and took to it hugely. From Arlington, the royal party motored to Mount Vernon for lunch. A brief rest was scheduled at the Mount Vernon location in the early afternoon prior to the official call at the White House at 3 o'clock—a call to be returned by the chief executive half an hour later.

The big crowd of 38 hours to be spent in Washington comes at 8 o'clock tonight, when, in the state dining room of the White House, surrounded by all the pomp and gold braid at the command of the American government, the queen and her consort sit at 103 guests at a state dinner.

Queen Marie showed her democratic leaning almost immediately upon her arrival here last night. The first of the welcoming party—probably well-coined in the art of welcoming a queen—approached as she descended from her private car and undertook to show her and kiss her hand. Marie shrugged her shoulders, perhaps a little impatiently, and thrust her right hand forward for the approved American handshake. From then on, matters went smoothly for the official welcome group, headed by Secretary of State and Mrs. Kellogg, Under Secretary Grew, Admiral and Mrs. Eberle, General and Mrs. Lejeune and General and Mrs. Rockenbach.

A moment later, the waiting band struck the opening notes of the Star Spangled Banner. The queen drew her self to stiff attention and held a salute that would have done credit to any member of the R. O. T. C.

It was almost the dinner hour when Marie arrived in the capital. Yet that fact did not prevent thousands from congregating along Pennsylvania-ave to watch the passing of the Balkan queen in front of the Roumanian legation where thousands gathered. They gave a mighty cheer when she entered.

In response to these cheers, a balcony door on the upper floor opened and the queen stepped forth with a flood of light at her back. Raising her hand she said:

"I just wish to tell you all that I thank you very much."

The scene was almost operatic with the queen on the balcony, her hand raised in royal gesture and below in the dark thousands of pushing, cheering Americans whose forefathers' footsteps the "queen business" a century and a half ago.

REPUBLICANS COMPLETE  
PLANS FOR LA RUE RALLY

The Republican Central Committee has completed arrangements for the party rally to be held in La Rue and today B. J. The \$25,000 damage suit of Anthony Scabbi, 278 Senate st., against the Pennsylvania Railroad Co., was settled yesterday after three days when the jury was engaged in Common Pleas Court and returned a verdict of \$1,100 in favor of Scabbi.

Scabbi, an administrator of the estate of Joseph Ettore, brought the suit against the railroad company in February, 1925, following the death of Ettore, 3, 1924. Ettore was fatally injured while at work on the Pennsylvania Railroad in the vicinity of Marion.

Ettore is survived by his wife, Agnes, 25, and three small children.

Seeks Divorce  
Charging her husband with gross neglect and cruelty, Goldie M. Fausnaugh, 316 Avondale-ave., today filed suit in Common Pleas Court for a divorce from Anna W. Fausnaugh. The couple were married Aug. 22, 1915, and have one child.

Prior to their separation in May, 1925, Mrs. Fausnaugh was continually threatening her husband and cursing her. Mrs. Fausnaugh has three other children by a former marriage and her husband contributed little for their support, the petition sets up, and also failed to provide for his own child.

Mrs. Fausnaugh asks that her husband be ordered to pay a certain amount for the care of the child.

Granted Divorce  
Harold G. McCoy, 320 Kennedy-st., was granted a divorce from Corinne McCoy last yesterday in Common Pleas Court, on grounds of cruelty and neglect. The couple had been married less than four years.

C. D. & M. SEEKS CONTROL  
OF P. H. PERRY BUS LINE

The Columbus, Delaware & Marion Electric Co. and P. H. Perry of Prospect, have filed application with the Public Utilities Commission of Ohio, to transfer from Perry to the C. D. & M. the certificate to operate the Prospect and Richwood bus line.

Perry now has control of the bus line, operating between Marion and Richwood, State Route No. 108, and the Richwood Prospect line. The bus makes four trips daily.

MARION KIWANIS PLAN  
FOR HALLOWEEN PARTY

Arrangements were announced today for a Halloween party to be given at Hotel Harding Thursday night for members of the Marion Kiwanis club and their wives. There will be a dinner at 6:30 o'clock, followed by a unique program of Halloween features, the details of which are to be kept secret until the night of the party. Arrangements are in charge of a committee headed by R. E. Fletcher.

How I Dress  
My Hair

The thousands who see me daily on the city streets wonder at my beautiful hair. It is wavy, glossy and abundant. Nearly everyone thinks that some wonderful hair-dresser gives it daily care.

Not so! I'm not a hair-dresser. I never go to a hair-dresser, have never had a hair-dresser. I simply apply twice a day a hair-dress which great experts make for me. It is when I use it, I know they made it. I never dream a liquid could do so much. Now all toilet counters supply it as I have it. It's called "Waver" and "Sleek". The price is five.

Nothing else I know gives a girl or woman so much added loveliness as "Waver" and "Sleek". I know. My hair comes with each bottle, so it costs you nothing if it doesn't please. Go try it at my expense.

## We Furnished The Draperies For The Marion Theatre Twelve Years Ago!

TWELVE years ago when we furnished the Draperies for the new Marion Theatre our Drapery section occupied a small section on the Third Floor. This department grew so rapidly until we needed more space and it now occupies a great part of our newly enlarged Third Floor. This section is indeed most beautiful just now.

*We Will Gladly Assist You with Your Fall Drapery Problems.*

WE are prepared for the Fall Season with a most interesting showing of the Finest in Curtains and Drapery materials. Exquisite Damasks, Silk Drapery Fabrics, new Terry Cloths, Gorgeous Cretonnes, a most extensive variety of Curtains by the pair—Ruffled Curtains and Panel Curtains, also Curtainings by the yard to match the ready made Curtains.

THE DRAPERIES FOR THE NEW MARION THEATRE WAY BACK IN 1914 WERE FURNISHED BY THE UHLER-PHILLIPS CO.

**THE Uhler-Phillips Co.**

Congratulations are due the Marion Theatre on their excellent record of worthy attractions and amusements which they brought to the people of Marion in the last twelve years.

## A Good Orchestra

The better orchestras throughout this country are only made possible by selecting good musicians who are willing to cooperate and work together.

Good musicians, however, are only half of the necessary equipment in a good orchestra. Good musical instruments are necessary, or good orchestras would never be possible.

We feel complimented that The Marion Theater has called upon us to furnish their pianos for the last twelve years since their original opening.

It is through satisfactory service and giving of full value for money received that a business grows.

## 12th Anniversary

The Marion Photoplay Co.

TO OUR PATRONS—

During the twelve years that the Marion Theatre has striven to present to the citizens of Marion and vicinity the utmost in entertainment, the continued increasing patronage and frequent expressions of endorsement have been a source of great gratification to the management. We feel that without the friendly attitude and the hearty co-operation on the part of our patrons, we would not have been able to have maintained the high standard of our patronage which has caused the reputation of The Marion to extend beyond the confines of Marion, and realizing this fully the management feels that observance of Twelfth Anniversary week would not be complete without a word of due appreciation on our part.

This sentiment is expressed with full assurance that the Marion Theatre, ever mindful of the co-operation and good will of its patrons will continue to be of greater service to the community by providing "The Utmost Entertainment."

Sincerely,

G. H. FOSTER, Mgr.

## COUNTY TEACHERS PLAN TO GO TO COLUMBUS

All Classes To Be Dismissed  
in Rural Community Schools  
Nov. 5

All teachers in centralized and one-  
room schools of Marion County are  
planning to attend the Central Ohio  
Teachers' Association meeting at  
Columbus Friday, Nov. 5, Sept. C. B.  
Pashburn announced today.

This dismissal will be the first of the  
year for many school children of the  
county. For those who were in school  
for the county fair it will mark  
the second dismissal. Several county  
schools were not in session at the time  
of the fair.

## EUGENE BROWN ELECTED ST. MARY'S CLASS HEAD

Simple Home Treatment  
That Is Giving Amazing  
Results

The world progresses. Today all  
ments that took weeks to cure can now  
be cured in a few days. If you have  
varicose veins or hemorrhoids, you can  
start today to bring them back to nor-  
mal size, and if you are wise you will  
do so.

Just get an original bottle of Moore's  
Emerald Oil at any dispensing phar-  
macy and apply it night and morning  
as directed to the enlarged veins. It  
is very powerful and penetrating, and  
only a little is required.

After a few days treatment the veins  
will begin to grow smaller and by regu-  
lar use will soon reduce to normal.

People who want to reduce varicose  
veins, or get rid of running sores, ul-  
cers, or piles in a few days should not  
hesitate to get a bottle at once. It is  
so powerful that a small bottle lasts a  
long time. Any pharmacy can supply  
you. Henney & Cooper, and Bradley's  
Drug Store sells lots of it.—Adv.

## OHIO TO PROBE DEPRESSION OF COAL INDUSTRY

Representative Business Men  
of State Called To Look into  
Alarming Situation

Columbus, Oct. 10 — Genuinely  
alarmed by the unstable condition of  
the coal mining business in Ohio, a  
committee of 21 representative busi-  
nessmen from all parts of the state,  
selected by the Ohio State Chamber of  
Commerce, shortly will launch a probe  
of the causes of the depression in the  
industry that has thrown thousands of  
miners out of employment and ruined  
dozens of coal operators, it was an-  
nounced here today.

In making the announcement, Frank  
B. McMillin, president of the State  
Chamber of Commerce, pointed out that  
the committee would be "free from any  
charges of self-interest" since none of  
the members is engaged in the coal  
business. Members of the committee,  
which will hold its first meeting in  
Columbus on Friday to organize, formu-  
late the policies and scope of work to  
be done, and the nature of the hearings  
to be held in an effort to rectify condi-  
tions which in the last six years have  
reduced Ohio's coal production by 80,  
000,000 annually, were announced as follows:

**Personnel of Group**  
Samuel S. Wyer, of Columbus, con-  
sulting engineer, chairman; George  
Decamp of the Cleveland Federal Re-  
serve Bank, vice chairman; Karl S.  
Dixon, of the Zanesville Chamber of  
Commerce, secretary; Aaron L. Six,  
of Cincinnati; H. P. Carruth, of Chil-  
licothe; J. T. Suratt, of Steubenville;  
W. B. Stewart, president of the Cleve-  
land Chamber of Commerce; H. B.  
Stewart, of Akron; Julius Fischer, of  
Nelsonville; H. B. Jangling, of Bridge-  
port; E. F. O'Neil, of Zanesville; J.  
B. Lingerman, of Springfield; Wesley  
H. Zaugg, head of the Wooster board  
of trade; Harry A. Seff, of Bellville;  
L. J. Gaskill, of Greenville; L. A.  
Fauver, of Lorain; E. G. Crawford, of  
Cleveland; E. L. Franklin, of Warren;  
L. T. Milnor, of Cincinnati; E. W.  
Heisey, of Newark, and H. C. Tittemore,  
of Toledo.

"The directors of the Ohio Chamber  
of Commerce have ordered the com-  
mittee to look into the problem be-  
cause they believe the problem has passed  
beyond any controversies between the  
operators and miners over wages, or re-  
gulations before the Interstate Com-  
merce Commission regarding freight  
rates," McMillin said.

"When an industry which formerly  
stood proud only to agriculture  
devolves to its present proportions, it  
becomes a matter in which everybody  
is interested," McMillin expressed the  
belief that the committee probably  
would devote its efforts largely to a  
comprehensive study of the cost of la-  
bor, cost of transportation, cost of  
living, quality of the coal and physical  
conditions under which the output is  
produced in Ohio as compared with like  
conditions in other areas.

"All we are looking for is facts and  
when these are dug out, they will be  
given to the people of Ohio," he said.

## CHILDREN'S HOME WORK TO BE FINISHED BY JAN. 1

Bids for Improvements To Be  
Received Nov. 20 by Com-  
missioners

Improvements planned for Marion  
County Children's Home are scheduled  
to be completed by Jan. 1, 1935.  
This announcement was made yester-  
day in the office of the county com-  
missioners when the plans for improve-  
ments were approved.

Plans for the furnishing of all ma-  
terial and performing of labor in con-  
nection with the Children's Home work  
to be received by county commis-  
sioners at 10 o'clock, Nov. 20. Work  
will begin Nov. 25.

A new deep-well pump is to be in-  
stalled, showers are to be furnished in  
the boys' and girls' lavatories, a drink-  
ing fountain is planned, and other gen-  
eral improvements are provided for in  
the plans drawn up by Architect J.  
Lewis Ellis.

## CLINICS FEATURE OF MEDICAL MEET

Five Thousand Doctors Participate in  
Assembly at Cleveland; Many  
Addresses Scheduled

Cleveland, Oct. 10 — Five clinics at  
7 a. m. were the outstanding features  
of the second day at the Interstate  
Post Graduate Medical Assembly, here,  
in which nearly 5,000 doctors par-  
ticipated today.

The chief addresses were made by Dr.  
D. D. Walker, of Pittsburgh; Dr.  
Lawrence F. Barker, of Baltimore; Dr.  
Marino R. Carver, of Buenos Aires,  
and Dr. Henry A. Christian, of Boston.  
Physicians still were discussing to-  
day the subject of birth control which  
was introduced as a major topic for  
the first time in medical history here  
yesterday by the organization. Hun-  
dreds of lectures attended the session  
last night when Dr. Joseph Bloodgood,  
of Baltimore, admitted that the profes-  
sion was "up an alley" and had gone  
as far as it could with microscopes in  
searching for the origin of cancer.

## LOOK AT CHILD'S TONGUE IF SICK, CROSS, FEVERISH

Hurry, Mother! Remove poi-  
sons from little stomach,  
liver, bowels

Give "California Fig Syrup"  
at once if bilious or  
constipated

Look at the tongue, mother! If con-  
stipated, it is a sure sign that your little one's  
stomach, liver and bowels need a gentle,  
thorough cleansing at once.

When paleish, cross, listless, pale,  
doesn't sleep, doesn't eat or act natu-  
rally, or is feverish, stomach sour,  
breath bad; has stomachache, sore  
throat, diarrhoea, full of cold, give a  
teaspoonful of "California Fig Syrup,"  
and in a few hours all the foul, con-  
stipated waste, undigested food and  
sour bile gently moves out of the little  
bowels without griping, and you have  
a well, happy child again.

You needn't coax sick children to  
take this harmless, "Fruity Laxative,"  
they love its delicious taste, and it al-  
ways makes them feel splendid.

Ask your druggist for a bottle of  
"California Fig Syrup," which has di-  
rections for babies, children of all ages  
and for grown-ups plainly on the bot-  
tle. Boxes of comforted and here.  
To be sure you get the genuine, ask to  
see that it is made by the "California  
Fig Syrup Company." Refuse any other  
kind with contempt.—Adv.

Daily Proverb: "He that knows when to speak knows too when to be silent."

Our idea of the utterly improbable is that when life will ever be caught acting as a cheer leader.

From what Mr. Browning told us, "Peaches" couldn't have been much souter had her name been "Pickles."

This may be said of Senator Jim Reed; he isn't a hypocrite. He doesn't hold out to those he investigates that it hurts him more than it possibly can them.

It must be a bit discouraging to the dozen people of Chicago to note how many under studies each gangster slain up there has.

And if all else fails her, Aimee should be able to get a fairly good contract to elevate the stage by breaking into vaudeville.

If we get that Chicago gang leader correctly he doesn't insist on a monopoly of the law breaking up there.

A burglary, a night or two since, developed the fact that a local citizen went to sleep with \$140 in real money in his home. What in difference to wealth prosperity breeds?

Mr. Lassen has become somewhat active again, but a little thing like that is hardly liable to attract much attention while the political orators are spouting.

From this distance it looks as though it might be the course of wisdom for one contemplating membership in the Prussian diet to perfect himself in the fighting game, and a little knowledge of jiu-jitsu also might come in handy.

Unfortunately, we were unable to greet Marie upon her arrival in New York, but of course she will understand that our heart is in the right place.

Some of the Chicago police will naturally hesitate about obeying that order to shoot to kill the gangsters up there. People are naturally reluctant about slaying their associates, especially associates in profitable business enterprises.

Statistics show that the present has been a what year for home building, but we are utterly unable to notice any lessening of the number of cars.

When Babe Ruth in a game up in Montreal knocked his thirty-sixth ball over the fence—thirty-four of them were fouls and two were home runs—the game had to be called just after the start of the ninth inning because of the absence of any ball with which to play. We very gravely fear that Babe has not studied the financial end of the game from the managerial viewpoint.

## Poor, Debt-Ridden Iowa.

A day or two ago we came upon a clipping from the Journal and Democrat, published in Mason, Iowa, which presented some decidedly surprising figures on economic conditions in that state. From the great majority of the stories carried back to Washington by corn belt members of both houses of congress Democrats and Republicans alike, we naturally imagined that Iowa was on her last legs; that the people out there were just about ready to turn over their properties to the sheriffs or the mortgagees, pick up and move out.

Well, from what the Journal and Democrat has to say, matters are hardly so bad out in Iowa as the politicians have been painting, who, as a rule, are Democrats—Republicans so-called Progressives—or whatever label they may be working under at the time—when election day comes around, but seekers after special privileges largely the rest of the time.

The Journal and Democrat shows that \$93,036,000 in Federal Reserve bank loans to Iowa banks have been reduced to \$7,000,000; that war corporation finance loans amounting to \$24,000,000 have been entirely wiped out and that private loans made by out-of-state banks amounting to \$50,000,000 have been cut down to \$7,000,000. In a word a total debt in these three classes of loans has been reduced from \$172,000,000 to \$14,000,000. Not so bad. But this isn't all. It is shown that bank and trust company deposits have been increasing at the rate of a trifle over \$3,000,000 a month, and that manufacturing industries employing 106,000 and having a payroll of \$90,000,000 are flourishing.

And then here are some more statistics. Iowa's farm produce for 1926 are estimated at \$1,075,000,000. This is an estimate, but the following are facts: Iowa has more automobiles per capita than any state in the union excepting California; she has twenty-two telephones for every 100 of her population against a national average of thirteen; her wealth is placed by the census bureau at \$10,512,000,000, or \$1,274 per capita, which is forty-six per cent. higher than the national average, and her debt is forty-six per cent. lower than the per capita debt of the country as a whole.

No, we utterly refuse longer to worry over conditions out in Iowa. It appears to us that she'll get along.

## More Interest in Government.

We are not at all inclined to view the local registration as a success. Our inclination is to consider it very good for better than the average. We believe that it will compare very favorably with that of any community in the state, and a long as we are able to stand such a comparison, we feel that we are in position to congratulate ourselves so far as the matter of registration goes.

Last Friday, we were told that a careful poll taken under the direction of the Republican county central committee showed 15,791 persons in Marion eligible to vote, while the registration showed something like 2,500 less. Saturday we were told that the registrations of the preceding day did not average much more than ten to the precinct. Assuming that the registrations of both Friday and Saturday reached 200, which we believe is a very modest estimate, that would leave but 2,000 unregistered eligibles in the city, only 2,000 out of practically 16,000 persons entitled to qualify to exercise the right of suffrage. This proportion—11,000 out of a possible 16,000 looks decidedly good to us.

The sad phase of the situation is that as many of the 13,000 registered will probably neglect to go to the polls. There was a time when eighty per cent. of the voters went to the polls and cast their ballots, but that time is no more. The percentage has dropped with each succeeding election for the same offices. By this we mean, the percentage on municipal elections, state elections or presidential elections has dropped when compared with the percentages of preceding municipal, state or presidential elections. We are not speaking of the local situation, but the situation all over the country. The result is that if fifty per cent. of the eligible voters turn out for an election, this showing is considered a fair one.

Without going into the why of the matter, it may safely be said that people have lost interest in elections. They no longer consider it a privilege to exercise their franchise right, as they once did, and if we are to retain our present form of government and maintain it as a success, there must be an awakening. We must wake up and do our duty as good citizens and not trust to the other fellow to do it. We may do it wrong, possibly will, if we are to judge the future by the past.

Getting out a big registration is well and good. It's more than that; it's absolutely necessary. But the matter must not be allowed to rest there. It is necessary for the attainment of the best in government that the vote be gotten out on election day. All of us should take more interest in politics, and we know no better road to this end, nor a quicker one, than that of taking more interest in our political parties. We are a firm believer in the wisdom of a two-party government, one serving as a check upon the other. When we break away from two-party government, which in the final analysis means majority government, the past has demonstrated that we get away from good government. We exchange majority government for minority government government by bloc—which has proved a curse to the land.

Mr. Phil, who lived over in England some time ago, once said that "necessity is the plea for every infringement of human freedom," and we think of this every time we hear a new bureau, commission or something of that kind proposed.

A Columbus divine says the present is no worse than the good old days of the past, which is our idea of a mighty poor compliment to both the present and the past.

When the police authorities attribute much of our crime to aliens, they offer an explanation which doesn't explain. It is worth noting that landlords aren't sweeping the streets of any foreign city with machine-gun fire, nor are landlords free to work their will in any European city.

Even should Russia acknowledge the debt she owes us, it's better than a hundred-to-one shot that she would send the acknowledgment collect.

The Poincare budget shows a surplus of income over expenditures. So might have preceding budgets had not former French governments paid too great respect to the attitude of the French toward taxation. The average French agriculturist feels about as good when paying taxes, which he seldom does, as he would were somebody sawing off one of his legs.

Talking about gestures, the Chicago Tribune recently ran an editorial on "Cleaning Up Our Rivers."

## Vagrant Verse.

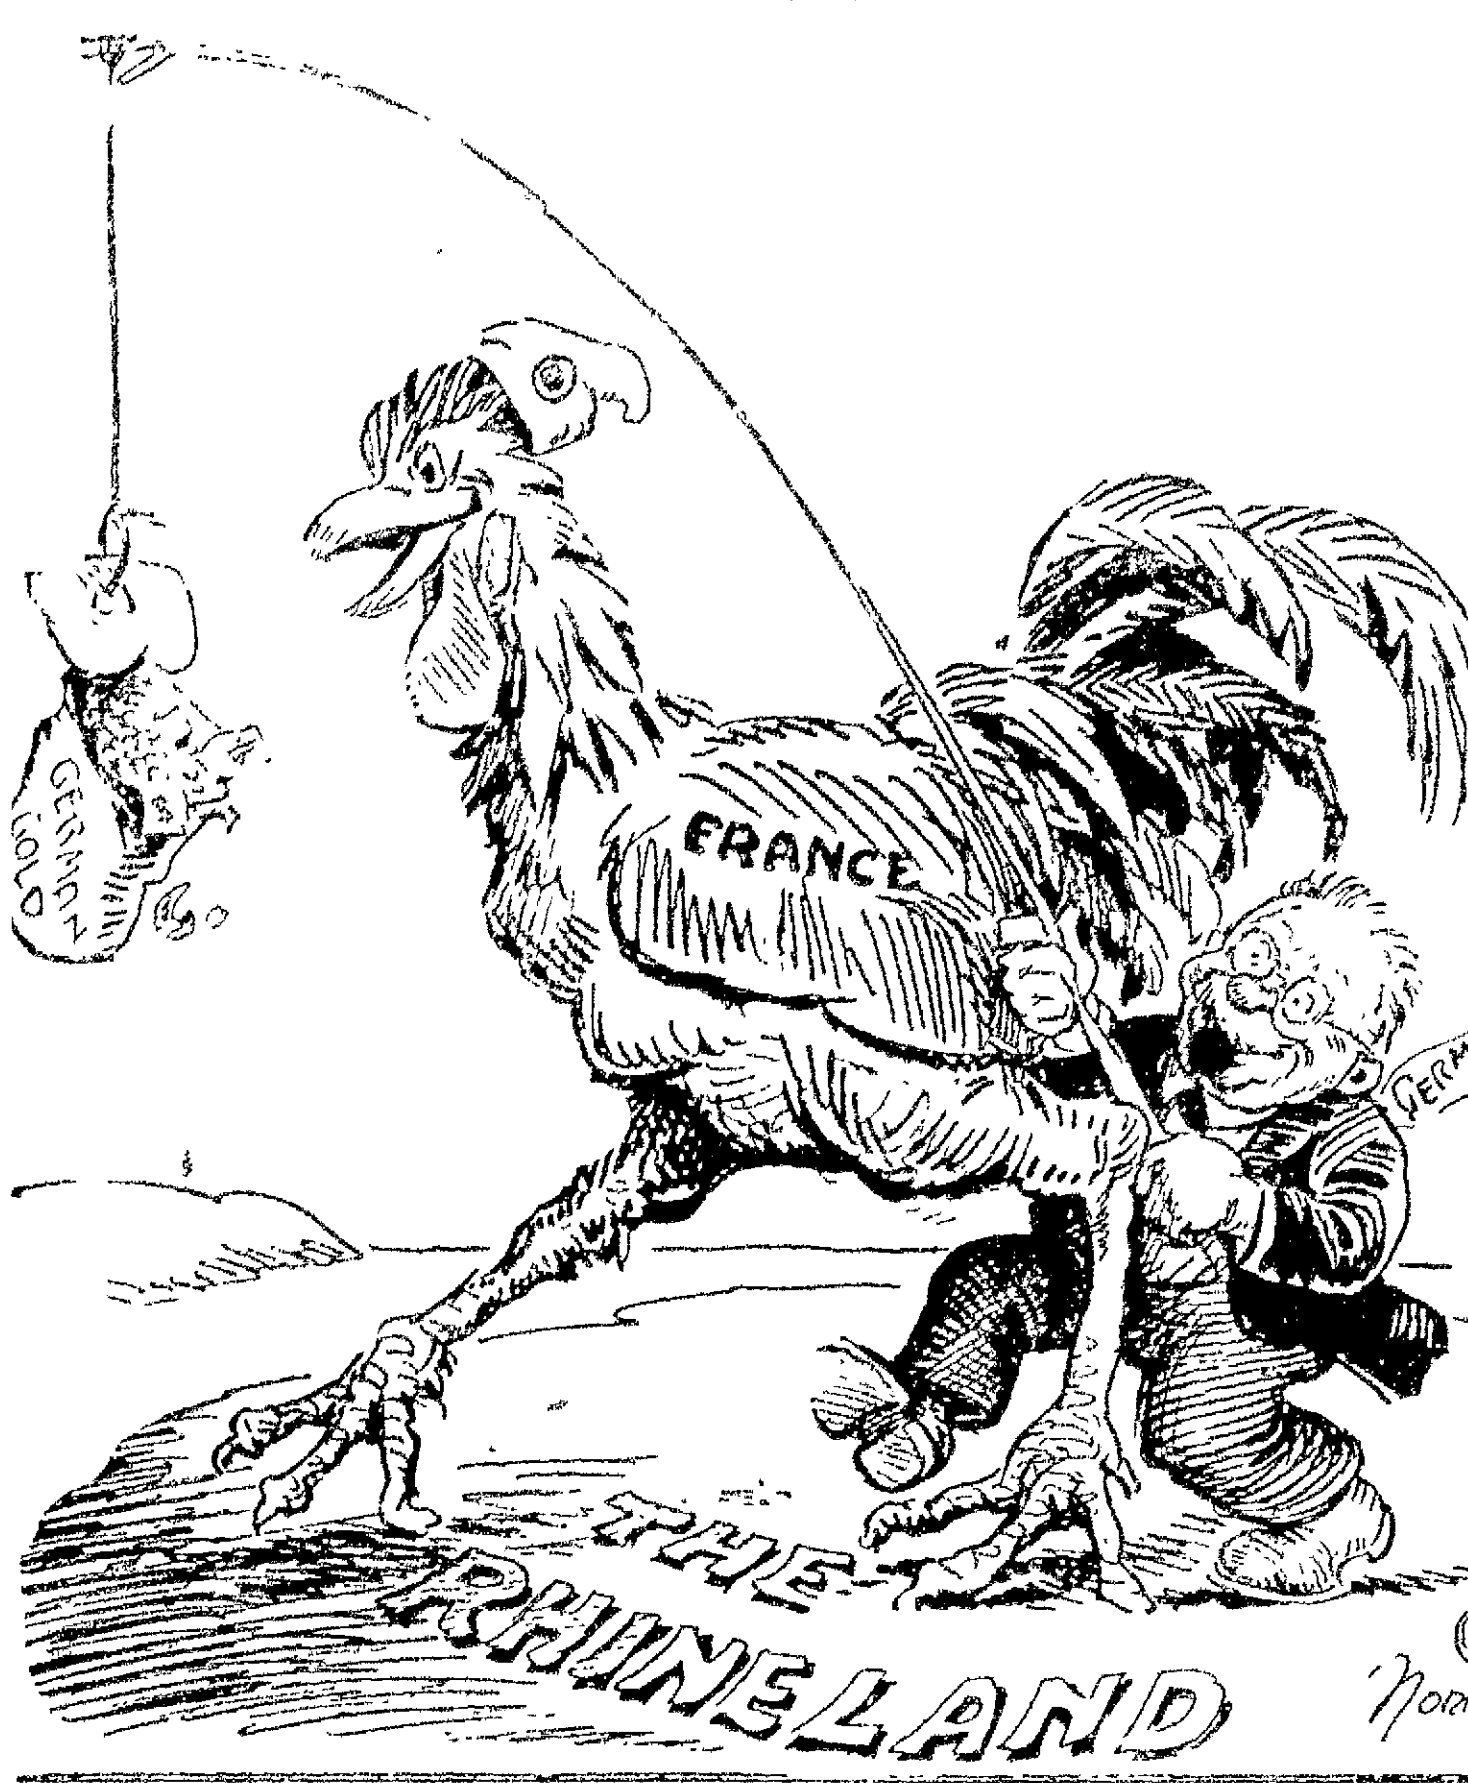

HOMEWORK.

Our town has history enough. Across the railroad, on the bluff. Not seems the record of our age. And reads it, page by story page. Desert, he says, and swamp and sea. And clatter in turn were we. The three-toed horse, he says, was here. Rhinoceros and sybaritic deer. And other strange and weird in its. Shouted and stamped about on streets. Back when the first town site survey. Was still a million years away. And then the red man's pedigree. With pigeon-hole solemnity. Stalked through our annals in a string. And at their heels beside our spurs. Till old old Dever had his bar. With one foot on a post-horn butt.

Our town has history as a rule. As any in geography. Why, when the early sunbeams spill. In summer down on eastern hills. They look like heaven's parapet. From English street, when the sun has set. The high school on the hill in the sun. Looks like a castle on the Rhine. And other strange and weird in its. Ticked by the lemon-colored west. Would make it up artists praise their work. And play their easels here by squares. Some summer nights I have to be. In the front yard and watch the sky. And for my love climb and play. Through the framework of the Milky Way. To deep, heights all silver, red. To blue, green, and blue and blue. Oh, never Xmas. Hong Kong or Rome. Could show us more sights than home.

## CAN THE FRENCH COCK BE LURED OUT OF THE RHINELAND AND THE SAAR?

## Soul of Milk Hidden in Vitamines.

BY ROYAL S. COPELAND, M. D.  
United States Senator from New York.  
Former Commissioner of Health, New York City.

Hidden away in research laboratories are hundreds of men who are all the time working to solve the mysteries of nature. They are not satisfied to know that things happen. They want to know why things happen.

These scientists are not faddists. They are sane far-seeing, conscientious and unselfish mortals, seeking to solve problems so that men may live longer and be happier while they live.

The future is filled with uncertainties. If man kind were forced to depend on methods of feeding which satisfied the needs of our ancestors there would come a day when food could not be had to maintain the increased population of the world. But no one need fear. The laboratory workers will find a way. Day and night they strive, and without doubt their efforts will succeed.

The results already announced are most interesting. For instance, their discovery of the vitamins is a fascinating thing.

No one knows exactly what a vitamin is, but whatever it is we can not do without it. Let me tell you about a simple experiment which proves this.

Two sets of white rats, brothers and sisters except, are used. One set is fed exactly as the other except that no milk is given the "A" group. The "B" group is given a tiny amount of fresh milk. The "A" group loses weight steadily, and every animal will die if the experiment is continued. The "B" group thrives and increases in weight.

At the end of two weeks the diets are reversed. Immediately the "B" group loses weight and the "A" group picks up weight and becomes strong and vigorous.

In this experiment the quantity of milk used is so small that it amounts to almost nothing—far less, indeed, than the gain in weight. But the milk can't do a mysterious something which stimulates the body tissues, causing growth, vigor and glowing health.

Whatever this substance may be, it is given the name "vitamine." As applied to milk, I frequently call it the "soul" of the milk.

The laboratory workers have not been satisfied merely to find that vitamins exist. They have gone further. It is known now that at least five varieties of vitamins exist. They are known as vitamins "A," "B," "C," "D," and "E."

The vitamins found in the experiment on rat growth which I described as vitamins "A" and "B" are closely related to "A." Cod liver oil is an example of a food containing the latter vitamin. It actually cures rickets in children and a disease of chickens called "leg weakness."

"Beriberi" and "scurvy," two dreadful diseases, are due to the lack of certain vitamins. In the former it is vitamin "B," and in the latter, vitamin "C." Vegetables, fruits, particularly citrus fruits and tomatoes, possess the vitamins "A," "B," "C," and "E."

The powers of reproduction depend in some measure certainly, upon the kind of diet consumed. Foods containing vitamin "E" are essential to normality. Lettuce, peas, oats, corn and wheat are among those which carry this vitamin.

What I have told you today gives you some idea of the importance of what may be called the essential food. I trust, too, it has increased your respect for the hardworking scientists.

## ANSWERS TO HEALTH QUERIES

Q. G. Q. What is a good tonic for a poor appetite?  
A. You might try taking Bland's Iron Pills or cod liver oil.—Copyright, 1926.

Dr. Copeland will answer for readers of this paper questions on medicinal, hygienic and sanitation subjects that are of general interest. Where the subject of a letter is such that it can not be published in this column, Dr. Copeland will, when the question is a proper one, write you personally if a self-addressed, stamped envelope is enclosed. Address all inquiries to Dr. Royal S. Copeland, in care of this office.

# "Help Us Move!"

Rather than hire a great many men, extra trucks, take chances of marring, scratching and breaking furniture. We would rather spend this money in the form of giving our customers reduced prices.

*"We would Rather move the furniture to your home"*

## Who Is Going Housekeeping?

You will have to "live" with the furniture you buy. It costs too much to throw out if you don't like it a few weeks after you have it in your home. Furniture bought wrong—bought without good advice from some one who doesn't take an interest with you in planning and furnishing your new home—that kind of furniture often becomes an "eyesore." You become disgusted with it and with the store that sold it to you. **PLAY SAFE!**

## Out-of-Town Shoppers Note

It is safe to say that when out-of-town buyers patronize any one store liberally, that store is a safe store for anybody to trade at. Any out-of-town family that has not tried trading here yet, we would like to have you stop in and become acquainted. We believe you will like the spirit of friendliness and cheerfulness you'll find here. Shop around a little first and then come. We will be glad to see you, whether you buy of us or not.

CHURCH NOTES

## Personal Mention

Dr. and Mrs. D. W. Brackley entertained at a dinner of lovely appointments Monday night at their home, Mr. Venners, complimenting their guest, Mrs. E. A. Thiele of Cincinnati, formerly of the city. Mrs. Thiele, who is enroute home from a visit in London, will be joined the latter part of the week by Mr. Thiele who will spend the weekend at the Brackley home. A number of delightful social affairs have been arranged for Mrs. Thiele this week.

## Birthdays

**at Berland Home**  
Harold Stayer was the honor guest at a surprise Saturday night at the home of his parents Mr. and Mrs. J. H. Berland, 141 Charleston. In celebration of his birthday anniversary, the time was spent socially and luncheon was served. Guests included Miss Helen Tallman and Flossie Wilson of Bucyrus; Miss Mary Gertrude Stayer of Green Camp; Mr. and Mrs. Clifford Berland, Miss Marian Coulter, Harold McCurdy, Glen Irey and Harold Fetter.

## Miss Winona Hughes Reads Interesting Paper

"Intellectual Life and Ideals in the New America" was the subject of a paper read by Miss Winona Hughes at a meeting of the Woman's Club yesterday afternoon at the home of Mrs. J. Robinson of Brush Ridge. The next meeting will be held at the home of Mrs. H. S. Ihn, 545 Bellefontaine, in one week.

## Mrs. E. J. Sailer Receives High Honors

Members of the Plectrum Club were hostesses at a benefit dinner in the Business Women's Club Room last night. Mrs. E. J. Sailer was awarded high honors at bridge. Music and a pleasant social time were enjoyed preceding the serving of a delectable luncheon. Decorations were used in keeping with the season. Miss Lucile Thams will be hostess to members of the club in two weeks in the club room.

## Friends Entertained at Roberts Home

Mr. and Mrs. C. G. Roberts and daughter, Helen, Orchardist, entertained a number of guests at dinner Sunday. Guests present were Mr. and Mrs. C. R. Copley and family of Pottsville, Mrs. George Lewis and family of Columbus, John West of Harpster, Mr. and Mrs. B. F. Roberts, Mr. and Mrs. K. P. Riley and family and Mr. and Mrs. W. J. Veness and family of Marion.

## Mrs. A. E. Pickrel Is Club Hostess

Mrs. A. E. Pickrel was hostess to members of the Research Club Monday afternoon at her home, 8 Prospect-st. Names of famous pictures were given in response to riddle. Mrs. S. L. Leeka gave an interesting paper on "Sculpture" and included in her dis-

cussion a sketch of the Metropolitan Art Gallery. Mrs. P. J. Hunter was elected corresponding secretary to fill the vacancy made by the resignation of Mrs. C. E. Hensley and Mrs. W. N. Pohlman was chosen patroness chairman. During the business session it was voted to cooperate with the Marion County Federation of Women's Clubs if the organization voted to increase the membership dues. During the social hour tea was served. The next meeting will be Nov. 1 with Mrs. S. L. Leeka, E. Center-st.

## Mrs. M. A. Mideley Is Sesame Hostess

Three-minute talks on a group of modern composers and their work made up the program at the meeting of members of the Sesame Club yesterday afternoon at the home of Mrs. M. A. Mideley, 84 James-st. Mrs. Owen Cheney contributed a paper, "More and Better Music in Our Homes." Mrs. E. A. Schultz gave a talk on "Carrie Jacobs Bond" and Mrs. M. L. Martin discussed "John Knowles Payne." Mrs. M. A. ## Treat Colds 2 Ways

With ONE Treatment

WHEN rubbed over throat and chest for all kinds of cold troubles Vicks VapoRub does two things at once:

(1) Its ingredients are vaporized by the body heat and inhaled direct to the inflamed air passages, loosening the phlegm and easing the difficult breathing, and  
(2) At the same time it warms and stimulates the skin like an old-fashioned poultice, "drawing out" the soreness and pain and thus aiding the vapors inhaled to break up the congestion.

This double action of Vicks usually relieves the most stubborn cold overnight.

# Roberta Risks It

MARGARET CAMERON

## CHAPTER TWENTY-FOUR

Lone with Janet, Roberta, reached by sound sleep and again encouraged by the old woman's manner—though far from this in words—and sympathy, she had a series of tales about her and her parents. At length, she had seemed down, Roberta, with a careless air:

## MOTHER GRAY'S POWDERS BENEFIT MANY CHILDREN

Thousands of mothers have found Mother Gray's Sweet Powders an excellent remedy for children complaining of Headaches, Colds, Feverishness, Stomach Troubles and other troubles from which children suffer. One day and excellent results are accomplished by its use. They break up colds and regulate the bowels. They are recommended by Mothers for over 20 years. Sold by all Druggists everywhere. Trial package FREE. Address: Mother Gray Co., Le Roy, N. Y.

"I've always heard him called 'Piggy,' which is rather awful for a man like him. Is it 'Piggy'?"

"Ask him," said Janet. As has been said, except for a strange hair and an occasional Scottish lilt, she usually spoke unadorned English, save in moments when excitement brought the dialect of her childhood to her tongue or when she indulged herself with intimacies. "His mother gave him his name, and I take it all of him that he doesn't like it for her sake. Maybe he'll tell you but you'll not get it from me."

"Check!" said Roberta to herself, her lids veiling twinkling eyes. About she returned. "Well, well, it doesn't matter. I just wondered."

But the virus of curiosity was working in her blood, and under the influence of her fate that once upon a time had overtaken several ladies of similar purpose, she resolved to gain advantage to the secret code. That she might leave her head suspended by its long brown hair in the grizzly chamber occurred to her no more than to her unfortunate prototypes, and in any case she would have pictured herself as a triumphant blending of two legends.

characteristically who tried to tell of that potent key, and the only who with a certain favor by her slight hesitancy. Not for nothing was Roberta a daughter of Eve and Adam. Meanwhile, Peter and Graham, in the case of Peter Brown, having learned from the short that he might expect his New Hampshire license plates within a few days, drove to Keene, where he intended to rubber to the extent of a coat and boots, forcing a possible series of wet nights off Lookout Hill. Then he lounged about town, making acquaintances among the tradesmen and spreading the tidings that Mrs. South was settled in Pittsfield for the winter. When he was told that Wednesday afternoon was a half holiday and that all the shops would close, he abandoned his plan to remain through the day in the hope that Cely would appear and was about to return to his home when he caught sight of Scott from the main street.

"Hey, Jim!" he yelled.

Cody waved a hand and turned the nose of his vehicle toward the curb parking in the local fashion. Piggy surveyed the conveyance with a humorously satirical eye.

"Come to that, have you?"

"Well, the old man keeps one up here for marketing and such. These roads shake a real car all to pieces. Lazies ain't so bad for a hick country."

"Maybe. Never drove one myself. Having thus established his own lefty position, Piggy tactfully came down to common footing. "How about a drink?"

"Surest thing you know! Guess I've got time." Cody looked at his watch before leaving the way to a barroom. At that time these social centers still flourished, even in New Hampshire. "What you doing here on a day like this?"

"Tryin' to forget Fritz. What brought you in?"

"The unknown quantity, plus is greater than, plus, equals is greater than."

If by any chance Cody saw this and remembered the cipher, "Here, R." would give her courage, while to others the symbols would convey no meaning.

Arising with a grin as Cody approached, he slipped notebook and pencil into a side pocket, and then went to the dining room. Thereafter the conversation was all of automobiles and adventures in which these had played a part, and fearing a reaction of suspicion after Celia had disappeared if he displayed too much curiosity now, the stranger asked no questions about persons and conditions at Blackwood.

But it was a radiant smile he gave Roberta upon his return that afternoon announcing: "Luck's with us."

He was less certain of this, however, when he stood on the hill that night in a pouring rain, with aching muscles, and whistled his signal to the black and unresponsive cold. The second night and the third were like unto the first, except that by Friday the sky began to clear.

"Friends for the women. Everything in this burg shuts up tight Wednesday afternoons, and of course they remain here at the last minute that they were all out of year and embroidery cotton and stuff. Couldn't possibly be thought of yesterday, when I had to come in somehow. They ain't got nothing else to do, so they make enough fancy junk to stock a dozen church affairs. Miss Scott knits her head off at Celia's embroidery things. Grand, it's a joy life. Peter's eyes lighted with a triumphant gleam and he resolved to stick tighter than a brother to Cely while he made his purchases. Concealing his elation under a sardonic grin, he drawled: "Say, you oughter try livin' with a weepin' widow for a while. Talk about a gay life! Sell, you can't blame the poor thing. She's all took up with it's an ill wind that blows nobody good. I never thought I'd run across you today. Know yet how long you've got to stay?"

"All this week, I guess. I hear the old man talkin' to the office by phone this mornin', an' he said he wouldn't be back 'til Monday, unless sum'n happened wrong down there."

"Fine! I won't die of loneliness before next week, anyhow. Say, s'pose I chase around with you while you do your errands, an' then we have lunch at the hotel?"

"Well—I guess that'll be all right. I'll have to call up the old man and make sure."

"Gee! he must be a slave-driver! Don't you have no time off at all?"

"Yep. One half-day a week, but this ain't it. I'll tell him I run across a friend from home."

After absorbing a small amount of stimulant, Cody made his purchases, with the other in close and observant attendance. This accomplished, they went to the hotel, where Piggy obligingly offered to take charge of the numerous parcels when his friend went to the telephone.

Unfortunately, Celia's embroidery cotton and her mother's words had been wrapped together, and the conspirator could think of no plausible excuse for opening the hotel where Piggy obligingly offered to take charge of the numerous parcels when his friend went to the telephone.

## Quicksands of Love

BY ADELE GARRISON

MY father's query as to Picky's jealousy of Hugh Grandland, with its implication that I returned the favor, aroused my officers' feeling for me. Early before I had met from my

my darling, he went on: "But you know how that. All I can do is to point out to you some folks ahead, which I, upon the shore, can see better than you can hear about."

He paused and I knew he was casting about in his mind for fitting words with which to clothe the warning. He had come to the city expressly to give me. For it would have been a woman of limited intellectuality, indeed, who would not have realized by now that this confidential conversation was the real reason for my father's visit. He had given me a most royal time, and now upon his last evening he was saying to me the things which I saw clearly had been upon his mind for a long time.

I would not permit myself to dwell upon the foreboding brought to me by his decision to leave this talk at this particular time. I could not say to him: "Do you fear that you never are going to see me again?" Is this the reason for this parting counsel? But the questions lay dormant under my quiet attention to the sentences he began to frame, at first haltingly, and then with a fluent rush of words.

"All the years of your marriage," he began, "I have watched your life very carefully, wondering whether you would be able to weather the storms which come to every marriage staff. I have

Best Way to Loosen Stubborn Cough  
This home-made remedy is a wonder for quick results. Easily and cheaply made.

Here is a home-made syrup which millions of people have found to be the most dependable means of breaking up stubborn coughs. It is cheap and very prompt in action. Under its healing, soothing influence, chest soreness goes, phlegm loosens, breathing becomes easier, tickling in throat stops and you get a good night's restful sleep. The usual throat and chest colds are conquered by it in 24 hours or less. Nothing better for bronchitis, hoarseness, throat tickle, bronchial asthma or winter coughs.

To make this splendid cough syrup, pour 2½ ounces of Pinex into a pint bottle and fill the bottle with plain granulated sugar syrup and shake thoroughly. If you prefer, use clarified honey, instead of sugar syrup. Either way, you get a full pint—a family supply—of much better cough syrup than you could buy ready-made for three times the money. Keeps perfectly and children love it.

Pinex is a special and highly concentrated compound of genuine Norway pine extract and palatable guarana, known the world over for its prompt healing effect upon colds and influenza.

To avoid disappointment, ask your druggist for "2½ ounces of Pinex" with directions. Guaranteed to give absolute satisfaction or money promptly refunded. The Pinex Co., St. Wayne, Ind.

HEAD STUFFED FROM CATARRH OR A COLD  
Says Cream Applied in Nostril Opens Air Passages Right Up.

Instant relief—no waiting. Your clogged nostrils open right up. The air passages of your head clear and you can breathe freely. No more hawking, sniffling, blowing, headache, dizziness. No struggling for breath at night. Your cold or catarrh disappears.

Get a small bottle of Ely's Cream Balm from your druggist now. Apply a little of this fragrant, antiseptic, healing cream in your nostrils. It penetrates through every air passage of the head, soothes the inflamed or swollen mucous membrane and relief comes instantly.

It's just fine. Don't stay stuffed up with a cold or nasty catarrh.—Adv.

MORTON'S IS THE STANDARD

Your doctor will tell you that to really prevent goiter in children the iodine in the salt they eat must be "just so"—not too much, that's dangerous. Not too little—that's ineffective. Few can produce such a salt. But Morton can, and does. And the iodine is always exactly 2/100 of 1%. That's why it has won the nation just as it is winning here. Buy Morton's Iodized—insist upon it. ## CRISP, WHOLESOME Fried Foods —without smoke or odor

FOUR TESTED RECIPES BY *Wendell S. Foster*

Crisco Cheese Balls

2 cups grated American cheese  
1 teaspoon salt  
½ teaspoon Worcestershire Sauce  
4 egg whites well beaten

Mix in the order given. Form into balls lightly with the fingers. Make them about the size of a small egg. Then roll in bread crumbs using fresh bread. Drop in deep, hot Crisco (375 to 385 degrees F.) or when a piece of bread browns in 40 seconds. Fry until a golden brown. Drain on soft paper and serve hot.

This recipe will make ten balls.

Crisco Apple Fritters

2 cups pastry flour 3 eggs  
1 teaspoon baking powder 1 tablespoon melted Crisco  
1 teaspoon sugar ½ cup milk  
½ teaspoon salt 6 ripe apples

Peel and core apples. Cut in quarters. Beat eggs, add Crisco, then milk, then all dry ingredients sifted together. Dip each piece of apple in the batter and fry until soft in deep kettle of Crisco heated to 375 to 385 degrees F., or when a small piece of bread browns in 40 seconds.

Crisco Apple Griddle Cakes

2 cups bread broken 2 tablespoons baking powder  
2 cups hot milk 1 tablespoon sugar  
2 eggs separated ½ teaspoon salt  
1 tablespoon Crisco 1 cup chopped ripe apples

Soak the bread and milk together over night or until soft. Then rub to a paste. Add the Crisco, sugar and salt; then the egg yolks beaten until light. Add flour and baking powder sifted together. Fold in the stiffly beaten egg whites. Stir apples into the batter with a fork. Drop by spoonfuls on Criscoed griddle. Cook until partly done and then turn and finish cooking. Turn only once.

Three cups of potatoes will make nine or ten cakes.

# Ohio Colleges Prepare for Another Big Grid Program

## Reserve Game at Wooster Appears Most Attractive to Conference Followers

Other Contests Include Mt. Union-Akron; Muskingum-Heidelberg, Marietta-Wittenberg, Kenyon-St. Xavier, Denison-Case, Wesleyan-Ohio Northern, Baldwin Wallace-Hiram

Cleveland, Oct. 19.—Presented with a star cast of 22, the problem of the outcome of an irresistible force and an immovable object is carded for "Senior" Stadium this coming Saturday, when Wooster plays host to Western Reserve in the Ohio Conference headliner.

Defeated by a smart Oberlin eleven, the Pioneers showed enough drive for the astute perverters of statistics to maintain that if all the force behind the Reserve attack were molded in one large lump, it would completely push over the leaning tower of Pisa. But the ability to march down the field again and again wasn't enough to cross the goal line when an embattled Oberlin team stopped onslaught upon onslaught.

Granted that the field generalship of the red and white was faulty, this coming week-end will see that changed and a far more diversified attack used. Fritz Phipps and Platz, will again supply the main drive, with Havel, Paul Phipps, Swan and Lardie for auxiliaries. There will be more and better passing, and if Coach Locke can obtain it, a reasonably good exhibition of generalship.

**Wooster Has Confidence**  
Against this Wooster has an eleven, incalculable in the belief that perhaps Michigan, Yale or Notre Dame might have a chance against it, but the odds are doubtful. The black and gold have a forward wall that is as stout as it is staunch, two end in Grosjean and Jameson, who are alert every minute, and a number of backs who have proved themselves excellent defense men.

On the attack, Wooster's cockerow play proved a ground game, last week, in every instance, but one and the only offensive weakness was that of the ball carrier being delayed by his interference. Although showed a master hand in his selection of plays and with Post, McGlashan, Young, Reeler, Post, and Walke to send through the line, around the end or out for a pass, Cole can direct a powerful attack, and in summary, while Reserve has the piling-up attack that is the strongest of the Ohio Conference has seen for some seasons, Wooster has a remarkable defense and with its able attack is favored but its edge is mighty slim. Last year, Wooster won 7-0, but that was last year.

Akron's unbeaten squad meets Mt. Union at Akron and while the Zippers are favorites, it will take all that Coach Babcock's proteges have to best the Mounts. The purple has shown an capable defense, but little on the attack, although Armstrong is no slouch.

## Manager McKechnie is Surprised by Club's Dismissal

### Alonzo Stagg's Chicago Eleven Fails to Show Championship Style at Penn

BY DAVIS J. WALSH  
New York, Oct. 19.—It may be that the time will come when hands will be without clocks, eggs without ham and peas without knives. For today, Alonzo Stagg appears to be without a real contender for the Big Ten Conference title and that happens not very often.

Stagg has always had a championship or a near championship conference team. This year he has neither.

This was proved to the satisfaction of all concerned, including the writer, during the game with Pennsylvania last Saturday. It is the writer's idea that a team is shown at its best or its worst under fire, so I made no attempt to criticize Mr. Stagg or his assistants about their team. I had seen enough.

**Lack Experience**  
I saw Borden and Cochran, the tackles, drawn in by Pennsylvania's hidden-ball attack. The ends, Apitz, Spence and Krogh, likewise were fooled. There was nothing that a smart football man might complain about except that the boys were simply boys. They had been told how to play for a normal attack, but they knew nothing about an unorthodox offense such as Pennsylvania uncovered, and, in consequence, they were as children before the great magician.

**No Defense**  
That was Chicago's trouble. It was supposed to be a team with a tight defense, as all Stagg teams are supposed to be, yet one couldn't call Chicago tight when the opposition ran wild for four touchdowns. Therefore all one could call Chicago was a team that expected to be beaten and was looking for the smallest score it could pull out of the game. The score wasn't small.

Of course, all Stagg teams are out there with the idea that it is better to receive than to give and the 1928 varsity was typical. It received plenty and gave nothing. At guard, I liked Noll and at center, I would say that K. Rouse fought the good fight and kept the

its pitron salute to the muleskin Olympia with Hiram the sacrificial offering at Berea.

Captain Homan of the home crew has a strong team and it will take more than the cherry and blue line to withstand the Berea attack.

Playing Rochester at Rochester, Oberlin, the league leader, is predicted to repeat last year's victory when the customers were downed 21-0.

faith. But neither could he be counted a good lineman. They were outplayed by their Pennsylvania opponents all the way.

**Penn Played Over Their Head**  
However, this is assuming that the Pennsylvania forwards were merely in their putting in an afternoon, which was a distinctly erroneous idea. They played better football than they had any right to expect to play. They were too smart for Stagg's inexperienced linemen and that is the reason K. Rouse and Cochran and Broden and

### Dope Once More Against Ohio Northern Eleven

Delaware, Oct. 19.—The Blatting Bishops with the Wooster game behind them began today their grind in preparation for the Ohio Northern game at Ada Saturday.

The Polar Bears began football relations with their down state brother Methodists in 1901. That year was an auspicious one for the Northern team. They won 31 to 0. After then Wesleyan did not meet Ohio Northern until 1915 when the Bishops avenged their previous trouncing by a score of 61 to 0. Northern came back strong the next year and held the red and black to a 7 to 3 score. The two teams did not meet in 1917, but in 1918 Wesleyan triumphed 38 to 0. The Bishops in 1919 won again 34 to 0, and 13 to 6 in 1920. There was no game in 1921, but the upstarters were downed in 1922 14 to 0. Since then the Bishops have won three contests, 14 to 6, 5 to 2 and 21 to 0.

Wesleyan seems to have the edge again this year if the dope should not be taken as indication of the strength of the two teams. The Bishops beat Miami 14 to 7, while Northern lost to the Oxford school 31 to 12. A comparison of the total scores for the ten games between Northern and Wesleyan gives the Bishops an edge of 214 points to Ada's 51.

George Gauthier, the Bishop coach, became so incensed at the defects which cropped out in the Wooster fight, he expects a hard game at Ada Saturday.

### Discharge Results from Unpopularity With Fans, Says President Dreyfus

Assistant Manager Clarke Not Being Considered as Successor of Man Who Led Pirates to 1925 Pennant, According to Officials

Pittsburgh, Pa., Oct. 19.—Bill McKechnie, dismissed as manager of the Pittsburgh Pirates, whom he led to a world series pennant in 1925, "seems very unexpectedly," he asserted today, "no further than that he did not care to continue."

The former Pirate manager intimated, however, that he will remain in baseball of his positive satisfactory offers. "There is a possibility that he may be asked to manage one of three American League clubs, according to reports here."

In commenting upon the release of McKechnie, Harvey Dreyfus, owner of the Pirates, said it was "a most unpleasant duty."

"His character was shown repeatedly," Dreyfus added, "and I am satisfied he tried his best for the interests of the club, but after careful study, I decided to seek a new manager. I believe that the public wanted a change."

It was reliably stated that Fred Clarke, assistant manager, will not be considered as a possible successor. Clarke also may not be considered as the Pirates next season, it was reported.

Dreyfus said the expense of dismissing the ranks of the Pirates last season, which resulted in the dismissal of three veteran players, did not influence him in deciding to change managers.

These cotton mills, controlled by the United States Rubber Company, specialize in cord for United States Tires.

**Answering some Questions about the Cord in United States Tires**

**Q—How important is cord in a tire?**  
A—Cord provides the strength for the tire. It is the framework and the reinforcement which gives to the tire its form and structure. Rubber saturates, insulates and webs the cords together and supplies the tire with its wear-resisting surface.

**Q—Who makes the cord for United States Tires?**  
A—The superior cord used in United States Tires is made in the Winnsboro Mills at Winnsboro, South Carolina. These mills are controlled by the United States Rubber Company and have been, since 1917.

**Q—Why does the United States Rubber Company consider it advantageous to operate its own cord mills?**  
A—This is in keeping with the Company's policy of ensuring absolute uniformity and high quality in all the materials which go into its tires. For the same reason, the Company grows its own rubber on its great plantations in the Far East.

**Q—Then, this cord from the Winnsboro Mills is uniform and of high quality?**  
A—Yes. These one-product mills use machinery especially adapted to making cord for United States Tires. The operators are specialists in their work and the entire energy of the mills is devoted to making the best tire cord that can be made.

**Q—How is the quality of the cord assured?**  
A—Tests are made at each step in manufacture at the mills. Further tests are made of each carload received at the tire factories. A third series of control tests are made periodically at the Central Textile Development Department, the Company's technical organization specializing in the development of cotton goods for the United States Rubber Company.

## MASTER MIND IS BUNK IN SPORTS

Manager Rogers Hornsby Worked Only as Playing Leader

Rogers Hornsby's successful management of the St. Louis Cardinals during the 1928 campaign and through the seven games against the Yankees in the world's series carries considerable significance.

It proves, in my way of thinking, that most of this "master mind" talk in baseball or any other sport is 75 per cent bunk.

Hornsby never has claimed to be a master mind. His brief but pointed utterances since his Cardinals came into their own further disposed any idea that he might claim to be one.

Considering the matter of managing his ball club, Hornsby made clear the principle along which he worked.

"I simply told the boys that I was manager and that I was going to be the manager. All I asked of any of them was that they play good baseball. If they failed they would have to answer to me."

There lurked in the brief but concise statement a disquieting idea that he felt confident of being able to take care of himself when they were asked to "answer."

When Grover Cleveland Alexander, discarded as a disappointing old veteran by the Chicago Cubs turned to in a few days for Hornsby and began pitching baseball the world wondered as to the reason.

When Grover won his first victory in the world's series—showing perfect form and no effects of any possible straying from the path of revivification—Hornsby was asked by what superhuman method he had turned Alex back into a winning hurler.

Hornsby's reply:—"I just told Alex 'I'm no reformer.' All I want you to do is pitch. You can do anything you want between times."

Characterization again, perhaps, among the "master mind" talk. No mighty problem there as far as Hornsby was concerned. Just a reasonable attitude.

When the Cardinals lost during the world's series and the pitiless spotlight of publicity was turned on the whole team, Hornsby stepped out and told the world quite plainly a logical reason for the loss of the game—namely the players—and that errors they made.

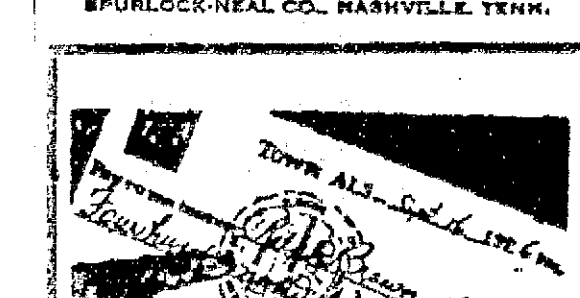

There again he hit the master mind. No discussion of how an unusually light strata of air above the center fielder's head caused the ball to perform weird gyrations or how a red hat in the grandstand confused the fielder. The aforesaid fielder simply failed to play baseball in big league style. And Hornsby said so.

Hornsby makes no effort to throw an air of mystery or legend around the managing of a big league club. He proceeds on the basis that every man who reaches and remains in the big show should be able to conduct himself to his own advantage—which includes playing his best baseball.

Hornsby's modesty is perhaps the only trait which tends to prevent him from making a clean breast of his theories. It is self evident, however, that he tops off a sane sort of leadership with a spirit and an ability which set all his players an example. They find themselves trying to match him hit for hit, play for play, game for game.

That, after all, is a much better way of getting the best out of a team than delving into higher mathematics, philosophy and hunk.

**A CAMPAIGN** has been started in the United States to help the very able Rev. Charles Spurgeon, the well known religious leader, to raise an anti-communist campaign to arouse interest in religion.

It might be wise to have a good as a tonic. If the people could be persuaded to stand at night, stand alone, and look up at the sky, religion would gain rapidly. That is how it started. Napoleon, standing at night on the deck of the ship carrying him to St. Helena, pointed to the stars and said: "You must admit that some one made all that."

You are glad considering the number of political speeches pouring out over the radio through what we call the ether. Then think of those deary speeches, criss-cross in all directions. Let's hope the angels do not hear them.

Yesterday in one American city nine political orators were talking over the radio at the same time.

## RUSSELL PRICE, AGED ATTORNEY, DIES AT FOREST

Dean of Hardin County Bar Succumbs at Family Home

Kenton, Oct. 19.—Russell Price, 81, dean of the Hardin County bar and a resident of the county, died at his family home in Kenton, Ohio, at 10 o'clock this morning. He was born in 1843 and had been a resident of Kenton for many years. He was a member of the Ohio bar and had been practicing law in Kenton for many years. He was a well-known and respected member of the community.

Admitted to the Ohio bar in 1871 and to the United States bar in 1873, Mr. Price continued the active practice of law in Kenton and Forest until his health forced him to retire. He was known throughout the state by members of the bar. "Though handicapped by the loss of his sight in 1907, the deceased did not discontinue his work."

While residing in Kenton he held the office of township clerk and later upon moving to Patterson served as postmaster of that village. In later years he held a similar position in Forest and served one term as mayor of the town.

Three sons, Henry R. of Central America, Attorney Charles R. Price and William H. Price of Kenton, survive. The wife, Addie Backus Price, daughter of Colonel W. H. Backus, county officer in the Civil War, preceded the husband in death, Oct. 20, 1920.

**BIBLE CLASS HOLDS MEET AT POPPLETON RESIDENCE**  
Prospect, Oct. 19.—The Prospect Bible class of the Methodist Church, held a Halloween session, Monday night, at the home of Mrs. Emma Poppleton, with about fifty present.

The president, Mr. Ben Retterer, in charge of the business meeting. Several songs were sung, after which Rev. O. E. Smith and Mr. J. D. McKinney offered prayer. It was decided that the men of the class give the usual "Thanksgiving" dinner at the church, the third Monday night in November. A short program followed the business session. Dora Mae Hill gave a reading "I Ain't Goin' To Cry No More." "The Brides of 1870 and 1920" was given by Mrs. Emma Poppleton and Mrs. Charlie Collier. Mr. Fred K. Dix gave an original reading on Halloween. After this the committee had charge of several interesting Halloween stunts, and served refreshments of doughnuts and coffee. Mr. and Mrs. Fred K. Dix were guests.

**Her Hair Fairly SPARKLES Now!**  
The woman who knows what to do after washing her hair doesn't fear the effect of hot iron. Nor of frequent washings. A few drops of Danderine on comb or towel and the hair is soft and lustrous, and behaves beautifully.

A bit of Danderine rubbed lightly into the scalp, is the one sure way to dissolve every particle of dandruff. But a few drops more make a dressing that is simply marvelous. A sheen that rivals brilliantine, and no grease! Any permanent wave or water wave lasts much longer and looks much nicer when Danderine is used instead of water to "set" the wave.

Get a bottle of Danderine and start its benefits today. Every druggist in America has it, for only 50c. For the best dressing you could find, and the best aid to hair wealth yet discovered, just try—

**Danderine**  
Danderine is a compound of the best saline intestinal cleanser with glycerine, burdock, cascara and other gas-expelling and detergent elements. It is excellent for Intestinal Stasis, a disease due to modern ways of living and which is often the true cause of sour stomach, gas bloating, nervous dyspepsia and restless sleep.

Unlike most medicine, Danderine acts upon BOTH upper and lower bowels, giving the intestine a REAL cleansing and bringing out old poisonous matter you never thought was in your system. Even if bowels move daily, you will be surprised how much more old matter Danderine brings out which may have been causing all your trouble. In slight disorders, like occasional constipation, GAS bloating, indigestion or sick head-

ache, ONE spoonful always brings relief.  
**Doctors Prescribe Danderine**  
Dr. H. L. Shoup, New York: "Danderine, in addition to its intestinal cleansing, checks the growth of intestinal bacteria."  
Dr. A. C. Cull: "I prescribe Danderine with highly satisfactory results."  
Dr. J. Weaver: "In my 50 years' practice, I have found nothing to excel Danderine."  
J. L. Pickett: "After using Danderine, I feel better than for 20 years. All my ailments were eliminated from my system."  
Dr. F. M. P. (Greece withheld by request): "I use Danderine on all bowel cases. Some require only one dose."  
No matter what you have tried for your stomach and bowels, Danderine will surprise you. At leading druggists, Bradley's Drug Store and other druggists.—Adv.

## Father Performs Ceremony at Radnor Girl's Wedding

Kenton, Oct. 19.—One of the loveliest of human weddings was solemnized at 4 o'clock yesterday at the Radnor (Pa.) home of Mr. and Mrs. George Reed, when their daughter, Miss Gertrude Reed, was united in marriage to Mr. Clayton Jones, of Kenton, Ohio.

The ceremony was performed by Rev. J. H. Reed, pastor of the Radnor Baptist Church, in the home of the bride. In the presence of several hundred guests, the happy couple were joined in the holy bonds of matrimony.

The bride, who was given in marriage by her father, Rev. George Reed of Radnor, Pa., wore a gown of white satin, trimmed with a light tulle and lace. She carried a bouquet of white and pink roses and a veil of the same color.

Miss Margaret Day of Ashler, O., was the bridesmaid, wearing a gown of pale blue georgette and carrying a shower of roses and lilies of the valley. Little Betty Wilson, niece of the groom, and Gertrude Jane Reed, sister of the bride, were flower girls, carrying baskets of pink and yellow daisies.

Ralph Graham of Waldo, brother of the groom, was best man, and Mr. Leo Goddard of Waldo, Mr. Everett Baxter of Radnor, were ushers.

The double ring ceremony being used, while the bride and groom were kneeling at the altar, during the later part, Clayton Jones sang one verse and the chorus of "I Promise You." Rev. Reed then asking the benediction, Mr. Jones sang the remaining part of the song.

Junior Reed, the younger brother of the bride, acted as ring bearer. Mr. and Mrs. Graham left late Sunday for a motor trip through the east, and upon their return will make their home with the groom's parents.

Out-of-town guests were Mrs. Belle Summers, Miss Gertrude Reed, Mr. James McMaster, Mrs. Carrie Young, all of Columbus; Mr. and Mrs. L. Wilson and children, of Marion; Mr. and Mrs. H. Robinson and children, of Delaware.

## GALION ELKS ARRANGE FOR MANY EVENTS

Annual Show To Be Given Nov. 11-12; Dances Scheduled  
Galion, Oct. 19.—Galion Lodge of Elks are beginning plans for the usual winter series of social events and entertainments. Indications are that the work of the club this winter will even surpass their many successes of the past.

The annual home talent show will be presented Nov. 11th and 12th and in addition to the members of the lodge a number of Galion's most popular young ladies will assist with some of the special numbers.

Contracts have been signed with the Rogers Producing Co. and the title of the presentation is "Minstrel Flashes." Mr. Lyle M. Wilson, a director of unusual ability, has been secured and will stage during the evenings and during group acts Oct. 31st.

Rehearsal arrangements for "Minstrel Flashes" invitations have been issued for a Halloween masquerade dance to be held in the club rooms Oct. 20th. Miller's orchestra of Marion will furnish the music and other events of interest will be features of the evening's gaiety.

Other committees have already been appointed to make special arrangements for the annual Thanksgiving ball.

## LEVY PROPOSAL BEFORE VOTERS OF MT. GILEAD

Emergency Levy Asked for City Operation; Similar Act Once Defeated  
Mt. Gilead, Oct. 19.—Voters in Mt. Gilead will be asked to vote on a proposal to allow the city to levy for three years as a special tax to provide funds for the city to pay for street lighting, new police and for keeping sanitary and the disposal plant in working order.

A similar proposition was submitted to the voters once before, but was defeated by a small margin.

It was stated prior to the vote that the proposition before them, that if defeated, Mt. Gilead would be a street light, water and sewerage city. The town escaped this fate by virtue of the special legislation which allowed subdivisions to issue bonds to pay existing deficiencies at the time the law provided that no further bonds should be contracted but the city should be paid as contracted Mt. Gilead issued bonds and kept the public works functioning.

It was stated, however, that the city had now been reached and that if the people approve the three year bond all resources are exhausted for many years.

**Klan Committee**  
President Don B. White of the Mt. Gilead Kiwanis club has appointed a special committee to study the question, the merits, reasons and possibilities of the proposal and report to the club and the public. In selecting the committee, Mr. White has chosen men from different lines of business and endeavored to have as many as possible represented.

The membership of the committee is W. D. Matthews, C. E. Wagner, C. J. Dumbauld, T. D. Mateer, Dr. W. B. Robinson and George Wieland.

The committee was scheduled to meet with President White and Secretary J. L. Kelly today to formulate the report for the club and the general public.

The investigation committee will make its report to the club and to the public through the newspaper on Thursday.

**MINISTER GREETED**  
Richwood, Oct. 19.—Rev. Robert Pierce was greeted by a large number of Sunday evening at a union service, held at the Methodist church, the other churches of village dismissed their services. Special musical numbers were given by the community male chorus, composed of twelve voices.

**FOR Stomach Acid PHILLIPS' Milk of Magnesia**  
Instead of soda hereafter take a little "Phillips' Milk of Magnesia" in water any time for indigestion or sour acid, upset stomach, and relief will come instantly.

**BETTER THAN SODA**  
For fifty years genuine "Phillips' Milk of Magnesia" has been prescribed by physicians because it overcomes three times as much acid in the stomach as a saturated solution of bicarbonate of soda, leaving the stomach sweet and free from all gases. Besides, it neutralizes acid fermentations in the bowels and gently urges this source of waste from the system without purging. It is far more pleasant to take than soda.

**TRY A 25c BOTTLE**  
Insist upon "Phillips." Twenty-five cent and fifty cent bottles, and a dozen. "Milk of Magnesia" has been the U. S. Registered Trade Mark of The Charles Phillips Chemical Company, and its predecessor Charles H. Phillips since 1875.—Adv.

## Mrs. George O. Thurn has Chosen The New Tappan 45th Anniversary Model For All Her Demonstrations

In the New Model Tappan you will find all of the things which have made Tappan the favorite of good cooks for two generations—Tappan beauty, Tappan convenience, Tappan economy and durability—all of these are there, together with an entirely new oven design which eliminates the uncertainty of baking. No matter where pans are placed in the oven, the Forty-fifth Anniversary Model bakes equally well. Uniform temperatures throughout imparting a golden brown crust to both top and bottom on baked things. The square construction of the oven burner, with its downward flame, and the cast iron oven bottom insure even heat for proper baking at all temperatures. The round cornered oven tray is enameled and is easily lifted out for cleaning. In all white models the oven linings are enameled. The close woven broiler rack holds twelve slices of toast.

The experience of nearly half a century is massed in the NEW TAPPAN FORTY-FIFTH ANNIVERSARY MODEL. By all means, see it.

### Note These New TAPPAN Features

The Tappan Maximix tapered burner intake saves gas by drawing in sufficient air for proper combustion. It conforms to specifications of the United States Bureau of Standards.

The unique, new, round cornered enameled oven tray is an exclusive Tappan feature. A patented support prevents oven racks from tipping when drawn forward to remove baking.

Proper cooking at baking temperatures for various foods are shown on the Tappan Wileolator dial. Oven temperatures may be fixed with exactness according to degrees or dishes to be baked.

The flat shape of the new Tappan oven burner produces a snappy, downward flame, ideal for broiling and toasting. Heat cannot "pocket" but rises to the cast iron oven bottom, which radiates and directs it.

The roomy Tappan oven accommodates the largest size of roaster with space enough for sufficient other utensils to cook an entire meal. Even distribution of heat makes every inch of space useful.

The cast iron oven bottom is so shaped and placed as to direct heat evenly to all parts of the oven. Placed above the burner, it protects the enameled oven tray and the bottom of the oven.

## Read What Tappan Owners Write Us

The H. Schaffner Co.,  
 Marion, Ohio.  
 Dear Sirs:  
 I think the Tappan stove wonderful. I don't know how I ever got along without it before. The Wileolator saves so many steps and labor. I did all my canning of fruit in the oven and it is keeping fine. It gives the fruit a much better flavor than when cooked on the top. You can do your canning in about half the time.  
 It saves your gas for when it gets so hot the Wileolator shuts the gas off and keeps the oven the right temperature. I have baked several things in the oven since we have had it and haven't had anything burned yet.  
 This is a big saving. On wash morning I get my dinner ready and put it in the oven and set the regulator at 250 degrees and when noon comes my dinner is ready to put on the table and the washing and other work is done, too.

I can't say too much for the Tappan and will be glad to recommend it to anyone.  
 As ever, your customer,  
 MRS. J. F. RIPPLEY,  
 121 Wallace Street,  
 Marion, Ohio.

The H. Schaffner Co.,  
 168 S. Main Street,  
 Marion, Ohio.  
 Dear Sirs:

Just a word about the Tappan Gas Range. Words can hardly express what I think of my Tappan for I think it is wonderful. Besides doing my cooking I have done cold packing fruit in the oven and it all has proved successful.

Cooking whole meals in the oven is nice and you can leave your meal for three or four hours and go shopping. When you come back your meal is ready to serve.

I will say again that I think my Tappan is wonderful.  
 Yours truly,  
 MRS. C. F. VARNER,  
 272 E. Mark Street,  
 Marion, Ohio.

The H. Schaffner Co.,  
 Marion, Ohio.  
 Dear Sirs:  
 In regard to liking my Tappan Gas Range, would like to broadcast to every housewife in Marion, Ohio, my approval.

I have obtained more than satisfactory results while operating one of your Tappan Gas Ranges and am more than pleased in every way with its performance.  
 MRS. A. A. REED,  
 411 S. Forest St.,  
 Marion, Ohio.

The H. Schaffner Co.,  
 Marion, Ohio.  
 We are very proud of our Tappan Gas Range. It's the best we ever owned and such a grand baker, and so easy to keep clean. Only one thing I am sorry about and that is that I didn't get a range with the heat control wheel. Well, we just wouldn't exchange it for any other, that's how well we like it.

MRS. F. A. WEAVER,  
 246 Clover Street,  
 Marion, Ohio.

The H. Schaffner Co.,  
 Marion, Ohio.  
 Dear Sirs:  
 I like my Tappan range very much and certainly would not do without the Wileolator. It is a great pleasure to set the dial, then to put a whole meal in the oven and know in a given length of time it is ready to serve. I cannot say enough in praise of the Tappan.

Very truly yours,  
 MRS. C. E. HEADLEY,  
 140 John Street,  
 Marion, Ohio.

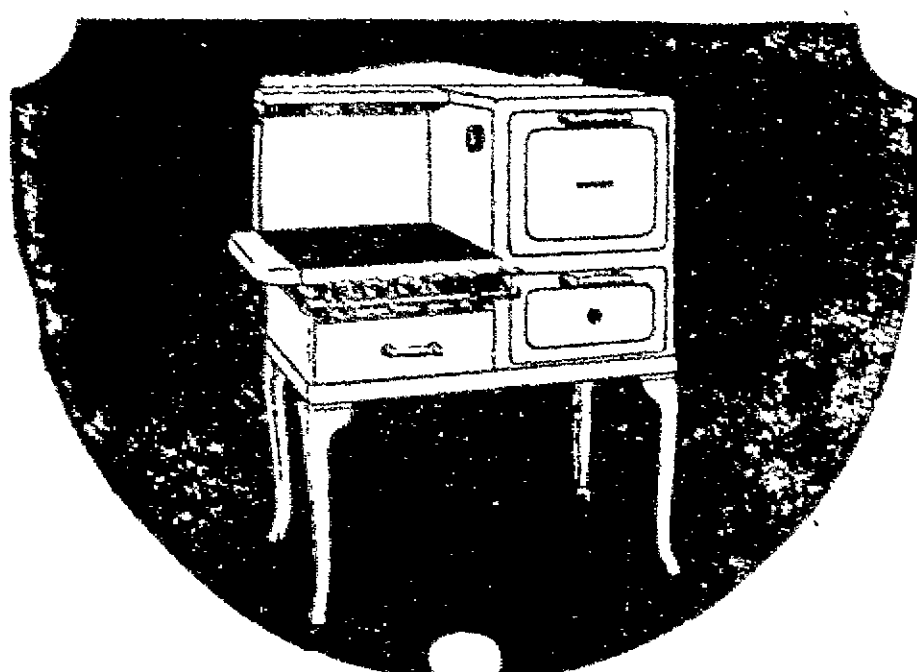

The H. Schaffner Co.,  
 Marion, Ohio.  
 Dear Sirs:

I received your letter Oct. 18 h. and as to my Tappan, I think it is wonderful, not only in cooking and baking but through the low pressure of the gas. I don't see how I could get along without it.

Very truly yours,  
 MR. AND MRS. RALPH WILCOX,  
 885 S. Hays Street,  
 Marion, Ohio.

I like the Tappan very much.  
 MRS. F. W. WILHELM,
